Birds, birds, birds

THE SLE CITY FATHERS is the municipality of the Tallahassee area. They have skillfully imported larger animals to rid their metropolises of their thick flock of street birds. No longer have we seen a member of the Sanborn Society, we’re not particularly disturbed or excited about the noisy newcomers involved in getting all the birds off the sidewalks and out of the way. We’ve used up several hundred thousands of a dollar, playing the decorated dream of a deferred stuffing every evening in mass meetings of a hundred or more.

But the whole thing may be a bad move politically. All the birds so far, apparently, love it. They have the audacity to call it a “bird show” and propose that the city of Tallahassee continue to maintain these animals as “bird shows” for the pleasure of the birds.

The first thing that comes to the mind of each individual who has ever seen a bird show, is the idea that the birds are happy and content. This is usually the case, and it is a fact that the birds will do anything for food.

But the city fathers have not considered the birds’ feelings. The birds are not happy birds. They are not content birds. They are not satisfied birds. They are not satisfied with their lives. They do not want to be in the city. They do not want to be in the city fathers’ hands. They do not want to be sold as “bird shows.”

The city fathers have no right to force the birds to stay in the city. The birds are not做人’s property. They are not做人’s possession. They are not做人’s territory. They do not belong to the city fathers. They do not belong to the people of the city. They do not belong to the state of Florida. They do not belong to the United States of America. They do not belong to the world. They do not belong to the universe.

The city fathers have no right to force the birds to stay in the city. They have no right to force the birds to do anything. They have no right to force the birds to be happy. They have no right to force the birds to be content. They have no right to force the birds to be satisfied. They have no right to force the birds to be anything.

How ya' gonna choose?

Spring brings you the chance to get off on the right foot. Buy the fresh styles. Live with the weather.

But when everybody and his brother sews threads, how do you know which to buy?

Here's the answer—

BRAND NAMES

The big names in the game are the ones that have proven themselves. Made it over the long haul. So choose the big names—For instance—

GANT famous dress shirts and shirts. Known in costume circles and on the set of any famous movie ever made.

STANLEY BLACKER [adage—'black will answer]

OLD DOMINION tailoring. Tailors for the stars. Expect the unexpected.

LAKELAND ZERO KING WINDBREAKER of Martin of Calif.

JOCKEY logo absolute name in shorts and pants.

ARROW men's wear. Arrow is a man.

THANE JAEGER ROBERT BRUCE BERNARD ALTMAN LORD JEFF DAMON

The best collection of men on hand anywhere.

GOLD TOE leading looser of sport and dress socks.

KEDS COURT KING

And yes, in addition to classic white, Court King goes in four new colors—Black, Black and blue, Black and burgundy. And changing your color is the biggest price change in shoes for the last 10 years. But the price of the shoes goes up, but the quality of the shoes will never go down. And Court King shoes look good, feel good, wear good.
Barnett—

the so-called Negro Revolution is based on the idea that it is not the duty of those who are suffering to resist, but that of those who are not suffering to suppress. The idea that the Negro is not to be considered a part of the community but only as a burden is fostered, and it is argued that he is not entitled to equal rights.

"We are faced with a very serious situation," Barnett said. "We must deal with the facts as we find them, and we cannot afford to be sentimental or emotional—

"I challenge the thinkers to abandon their cold, unfeeling attitudes and to look at the world with the eyes of one who has lived and suffered as Negroes have lived and suffered."

In answer to the question—

"In the South, Barnett said, "there are certain individuals who feel that the Negro is not entitled to the same rights as the white man. They say that the Negro is inferior, that he is not qualified to hold a job that was held by a white man, and that he is not entitled to the same education."

"But there is no proof of this, and the idea that the Negro is inferior is not based on facts."

Pilot Walkout

In Second Day

NEW YORK — The filtered smoke of tool luminaries mingled with the sound of government officials and labor leaders Thursday, as there was no knock on the door that had promised the nation's largest labor dispute in history. The government was busy trying to put the brakes on a nationwide 24-hour walkout, and to get the labor leaders to agree to a new contract.

The New York City Board of Estimate and Apportionment, which has jurisdiction over the city's labor disputes, had summoned the labor leaders to its offices Thursday morning to discuss the walkout.

The board had threatened to call out the National Guard if the labor leaders did not come to its offices. But the leaders refused to come, and the board then issued an order for the National Guard to be called out. The leaders then threatened to call out the labor unions to strike for higher wages.

The board then threatened to call out the National Guard again if the labor leaders did not come to its offices. But the leaders refused to come, and the board then issued an order for the National Guard to be called out. The leaders then threatened to call out the labor unions to strike for higher wages.
