Regents Offered Alternate Action To 4th University

By L C E R T E R

DES MOINES - Regent Tom Propp suggested to the Board of Regents on Wednesday that the Board delay its action on a proposed program designed to stop harassment and discrimination. He recommended that the Board undertake a program that would include training for all employees, including regents, who are involved in the decision-making process.

The proposal was introduced by the Board's Committee on Equal Opportunity, which consists of five regents. The committee is charged with developing and implementing policies to prevent and eliminate harassment and discrimination.

The committee's proposal includes the following:

1. Training for all employees, including regents, who are involved in the decision-making process.
2. Development of a comprehensive policy to prevent and eliminate harassment and discrimination.
3. Development of a complaint procedure for employees to report incidents of harassment and discrimination.
5. Development of a procedure for discipline of employees found to have engaged in harassment or discrimination.

In his opening remarks, Propp said that the Board should consider the proposed program carefully and that the Board should not act until it had had an opportunity to review the program in detail.

The Board will consider the proposal at its next meeting on October 25, 1990.

The uniform war
WASHINGTON — President Nixon’s decision to send American troops into the Vietnam War has been welcomed by some, but not by all. The decision has been met with widespread opposition, especially among anti-war activists.

When President Nixon announced his decision to send American troops into the Vietnam War, the reaction was mixed. Some were高兴, but many were opposed.

"The decision to send American troops into the Vietnam War was a necessary one," said President Nixon at a press conference. "We must protect our national security at all costs, and this means fighting wars."

But others were not so sure.

"I do not believe that we should be sending American troops into the Vietnam War," said anti-war activist Jane Fonda. "This is a terrible mistake, and it will only lead to more death and destruction."

Reactions varied widely throughout the country.

Construction Begins Soon—
FHA OKs Plans
For Low-Rent Unit

By TOM HAMMER

The state director of the Federal Housing Administration (FHA), said Thursday that construction could begin on a new $1.5 million apartment complex in New Hampshire City on the basis of a contract between the FHA and Huntly-Brinkley Co., the contractor.

The group is a subsidiary of Robert E. Huntly, of Manchester, and is expected to have the apartment project completed within six months.

The FHA, which is the government agency that finances low-rent housing projects, has approved the plans for the project, which will provide housing for about 500 families.

The FHA is expected to provide a loan of $1.2 million to the project, with the balance of the funds to be provided by the developer.

The project is expected to be completed in about 18 months, with the FHA to provide a portion of the funds and the developer to provide the remainder.

The FHA is expected to provide a loan of $1.2 million to the project, with the balance of the funds to be provided by the developer.

Quiet Dick Jensen Valuable At Pivot Position for Hawks

By John Richards

Some basketball players talk about how good they are. Others have a good one or two. Others are good at it. Dick Jensen speaks for it all.

Dick Jensen is the Big Ten basketball hard man and the Hawkeyes' student leader. Maybe he could talk, but maybe he shouldn't. Don't want to ruin his shooting percentages.

Jensen, who is starting at the pivot for the third straight year, is the Hawkeye's last line of defense on the high front for the Big Ten title. Dick doesn't make the headlines, but he is a consistent performer who doesn't fluff up the stats just because it is his role as a forward?

Dick Jensen doesn't want to talk. He just wants to play. He will not be a headlinegetter, because he is not the team's most exciting player. He is the most reliable.

Dick Jensen is a fixture in the Iowa lineup. He is the pivot for the third straight and last year when we were.

Newspaper AdvertisingAutoSize: National newspaper advertising is expected to reach $1,055 billion in 1969, a 6.5% increase over a volume of $990 million in 1968.

Magazines will show a 4% increase from $1,328 billion in 1968 to $1,370 billion in 1969. Television and radio will show increases of 8% and 7% respectively.

These projections, reported in the August, 1969 issue of Marketing Communications, are the latest estimates of the advertising volume studies prepared annually by McCann-Erickson, Inc. The article also listed final estimates for 1968 advertising volume in the major media.

One of the best bets in a U.S. Savings Bond. When you buy Bonds, you're saving a dollar by investing in America today.

Bonds are easy to own. You can join a Savings Plan over three years or, of course, a Bond-At-Grace Plan when you think of it.

One thing though, if you think Savings Bonds are a parlor game, you're wrong. There is no better place to make a final bet.

But Bonds pay off when you'll need money, not before, and at a guaranteed return. There isn't any better way to save, except to keep on saving.

Bonds are insured.

"Chicago 7: Last Rounds"

CHICAGO - A legal issue that could have far-reaching effects on the trials of seven Vietnam war protesters here is on the agenda of the Democratic National Convention in Los Angeles.

In an effort to stop the current trials of the seven, the defendants have filed a motion to continue the appearance of one of the witnesses who has been called to testify against them.

Attorneys for the defendants have filed a motion to continue the appearance of one of the witnesses who has been called to testify against them.

As the trial was about to begin, the prosecution called a witness who had previously been scheduled to testify.

The witness, a former member of the Chicago 7, was expected to testify about his involvement in the anti-war movement.

In a surprise move, the defense attorney for one of the defendants filed a motion to continue the appearance of the witness.

The motion was filed because the witness had recently moved to another city and was unable to return for his testimony.

The judge ruled that the witness could testify by video conference, which would allow him to appear before the jury without physically being in the courtroom.

The trial is expected to continue on schedule, with the witness scheduled to appear via video conference.

The witness is expected to testify about his involvement in the anti-war movement and his relationship with the Chicago 7.

Reading Dynamics is not only speed reading...it is better reading

Improved comprehension. Increased retention.

Greater enjoyment. We guarantee it.

Every semester, the average college student spends about 400 hours on reading assignments. Unless he has taken the world-famous Evelyn Wood Reading Dynamics Course, then, reading time can be reduced at 200 hours or less. Thousands of college students throughout the United States are among the 463,000 Reading Dynamics graduates from all walks of life. Last year, 159 University of Iowa students and faculty became dynamic readers. Their average beginning rate was 297 words per minute at 65% comprehension. At the end of the 8 lesson course, their reading rate had improved to over 1,000 words per minute at 75%. They can now prepare for exams and read all of their assignments at faster rates, and with better understanding and recall. Many report an improvement in their grade point average, as well. When you come to our FREE 59 minute Mini-Lesson, you'll learn how to increase your reading rate from 3 to 10 times, with improved comprehension and recall. You'll see an actual demonstration of Reading Dynamics and actually improve your reading on the spot. All your questions will be answered, such as our lifetime Membership and positive Guarantee of Tuition Refund. You'll see a short film featuring students who have benefited from the course. The students above are typical. You could be among them. Come to a Mini-Lesson today. We can help make your life more interesting and more fun.
