**Roe appeal**

A decision on Michael Roe's appeal of his firing as an Iowa City teacher will be made within two weeks, according to the state's high school athletic coordinator who was the disciplinarian.

**Salaryed**

The president of the Association of Financial Executives has called for a decrease in the number of his members as a result of the current recession.

**Response**

The Cooperative, in response to a pending question concerning the legality of its five-person board, will release the names of its new members at a meeting on Wednesday. The Cooperative said that all board members would be elected by the membership.

---

**Jury deadlock 5 of Harrington?**

A decision on the sentence of a woman who served as a defendant in the recent murder trial was expected Wednesday night, according to the state's attorney general. The sentence would be determined by whether evidence is admissible at the trial.

**Guilty**

One of seven people arrested in East St. Louis Monday night was sentenced to six months in jail on charges of participating in an armed robbery.

**Sa~uration**

The president of the Association of Financial Executives has called for a decrease in the number of its members as a result of the current recession.

Nixon's Vietnam options limited by political realities

WASHINGTON (AP) — The
administration's
"all options open" in
Vietnam is
spitting political
enemies. But the political and military realities of
Vietnam make the
choice of how much
hanging in the
balance.

"We're certainly not going to
send the Marines back," he said.

The Nixon administration
open to a
range of possible courses, in-
cluding: (1) shifting of or
in the enemy forces in South
China Sea and North Vietnam;
(2) raising of border forces in
South Vietnam; (3) use of
South Vietnamese military
deployments; and (4) the
use of American forces.

"If anything," the
President said last Tuesday,
"we're considering the
use of American forces for
the first time in our history." He
added: "We're not saying that
American forces will be
used, but we are thinking
about what we might do.

"We're looking at all the
possible courses, and we're
not going to rule anything out.

"But we do believe that
American forces are not
necessarily the answer.

"We believe that we can
handle the situation without
American forces, but we don't
rule out the possibility of
American forces being used.

"We're certainly not going to
send the Marines back," he said.

"We're certainly not going to
send the Marines back," he said.

"We're certainly not going to
send the Marines back," he said.

Says Operation Oatmeal must pay for meals

Elson University of Iowa students involved in "Operation Oatmeal" have been billed by the university for breakfasts given away to others. This is the same practice that the students were charged by the university for giving away their breakfasts to local children.

Students said that some of the other students billed by the university for their participation in "Operation Oatmeal" were Richard R. Wischmeier, N406 Currier, Jerry W. Fields, N209 Currier, and Robert W. Lewis, N406 Currier. The university has now decided to bill these students for the breakfasts they gave away.

"We don't plan on paying," said Burke. "We thought that everyone involved had been billed for the breakfasts, and the university will continue to charge students for the meals they gave away."

"Students signed a contract that didn't have an exempt-exempt-exempt clause," said Burke. "The students did not sign a contract that allowed them to give away breakfasts to others."

"The students are trying to do a good deed, and they should not be billed for the meals they gave away," said Burke.

The students are planning to appeal the university's decision. They believe that the university is not following its own policy, and they are hoping to get the breakfasts they gave away billed at a lower rate.

"We want to make sure that the university is following its own policies," said Burke. "We believe that the university is billing the students unfairly and that the students should not be responsible for the meals they gave away."
Letters

Workers get screwed

To the editor:

I wish to thank The Daily Iowan, as well as the maintenance employees here at the University of Iowa, for the efforts you are making in the effort to provide better parking spaces and to improve the working conditions of the people who work in the library. This is an effort that many students have been working on, and I think it is important to recognize the hard work being done by those who are trying to make our campus a better place.

Sincerely,
[Signature]

Workers get screwed

To the editor:

I want to bring to the attention of the university administration the lack of effort being made to improve the working conditions of the workers who work in the library. It is shameful that the university is not making an effort to improve the working conditions of these employees, who are often overworked and underpaid.

Sincerely,
[Signature]

Letter from Boyd

Editor:

Dear Editor,

I am writing to express my concern about the issue of gender discrimination in the workplace. As a student at the University of Iowa, I have noticed a lack of female representation in leadership positions within the university. This lack of representation is concerning, as it perpetuates a culture of gender inequality.

Sincerely,
[Signature]

Boyd

Sexist hiring

To the editor:

I recently received an advertisement for a job position at the University of Iowa. The advertisement included a list of requirements for the position, which included "male" as a prerequisite. This is concerning, as it perpetuates a culture of sexism in the workplace.

Sincerely,
[Signature]

Go Superman

To the editor:

I would like to acknowledge the efforts of our university's parking enforcement officers. They work tirelessly to ensure that our campus remains safe and secure.

Sincerely,
[Signature]

McGovern is ‘major contender’

“Even-money bet for nomination”

MILWAUKEE, Wis. (AP) — Wednesday was an early-morning start for the candidate who has worked his way back through the political chutes toward the presidential nomination. It was McGovern’s first primary in the campaign for the White House, but there was no doubt he looked like a major contender.

In the cauldron heated

by the other 11

contestants,

his break-through victory

in Maine, a poor

state, was McGovern’s first primary.

McGovern gained 54 per cent of the primary vote, followed by Wallace at 22 per cent and Muskie at 10 per cent.

The results of a questionnaire among faculty and student supporters. He said McGovern, in an NBC tele-

vision interview, said he and

his 

colleagues are working to win instead of losing.

They are working toward

the national convention votes for

the Democrats instead.

vision interview, said he and

his 

colleagues are working to win instead of losing.

They are working toward

the national convention votes for

the Democrats instead.

Another Democrat, New

York Sen. Edmund S. Muskie, placed third, with 10 per cent of the vote. Muskie, who is running on the Liberal ticket, finished fourth with 7 per cent.

Bus system ‘better than anticipated’
Survey shows shuttle eases campus traffic

By LEWIS O. WRIGHT
Daily Iowan Writer—Herder's Note: This is the first of a series of reports on the success and future of the new bus system.

Five hundred fewer cars move into the University of Iowa's central campus each day since the beginning of the fall semester. The system, now named "Cen-

bus," according to the results of an extensive survey of the bus system. All fewer cars are now parked on campus each day. The survey was part of a larger study of the University's transportation system. The results will be used to improve future shuttle systems.

The survey, conducted by Professor Roger A. Milkman, professor of transportation policy and sociology, found that the new shuttle system has reduced the number of cars driving to campus by 200 per week. This is a 20 percent decrease in the number of cars driving to campus each day.

Several students and faculty members have commented on the improvement of the shuttle system. Some have noted that the shuttle system has reduced congestion on campus and improved the overall environment.

The survey also found that the shuttle system has improved the quality of life for students and faculty members. Students have noted that the shuttle system has made it easier for them to get around campus and has reduced the number of cars on the road.

The results of the survey have been shared with the University administration and will be used to improve future shuttle systems. The University plans to continue to monitor the shuttle system and make necessary adjustments to improve the service.

Hurry! If you’re into free films, get into this.

Imagine yourself going from movie to movie just about any one you want and a friend want for two months. And get-

ting in free.

That's first prize in our Oscar con-
test, which also features a one month pass for two at five Iowa City theaters, as second prize and pairs of free tickets for the next twenty run-up.

But you'll better hurry. All entries have got to be in our hands at 111 Com-
munications Center by 5 p.m. Thurs-

day, April 1. And while you're at it, don't forget to fill in the tiebreaker...telling us which film will

win the most Oscars overall out of the nearly 30 categories. (Hint: no film is even nominated for more than eight.)

And while you're deciding if Oscar is going home with Walter Matthau, Gene Hackman or whoever, keep your eyes on our feature section. There you'll find stories and predictions, all leading toward Oscar night.

But get your entry in...you could end up saving yourself over $100 in film ad-
mission prices. If, of course, you can predict the Academy Award winners most accurately.

Owners, players brace for long strike

By the Associated Press

What happens every spring finds baseball fans wondering if they won't happen Thursday.

This year, the first in their 10-year history, a minor league club at canvas working 24-hour shifts to keep the game from happening.

For the average player—one guaranteed about $22,000—the strike will not have been a rip-off in salary. But for the 300 players in 30 leagues, the $30,000 guarantee is a far cry from their 1972 salaries.

Minor League players are quick to point out that they have no control over the decision to strike. But it is clear that the players have been left with a situation that could bring them more money than ever.

For the first time in three losses, the players have been in favor of an early loss.

Hawks whip Drake twice

BY RENEE OWENS

"I've never said," Drake Coach Steve Flaherty said after the Hawks beat the Bears, "I'll be glad to have a chance to sit on the bench and watch baseball.

"I've been sitting on the bench this year. And I'm not sure I'll have a chance to sit out again.

"For the players, it's been a difficult task. They've been sitting in the dugout and watching the game. And now they'll have a chance to sit out and enjoy the game.

"For me, it's been a difficult task. I've been sitting in the dugout watching the game. And now I'll have a chance to sit out and enjoy the game."

Iowa gymnasts go for national title

The Iowa gymnastics team goes after its second national championship in four years as the NCAA meet starts today at Chicago.

The Hawkeyes, undercat as the No. 3 team, qualified for the finals by winning the Big Ten title last week. Iowa will face a strong challenge from Southern Illinois and defending champion Iowa.

The meet will be held Thursday, and the Hawkeyes have the highest score in the nation (150.60) in compulsory routines.

Five teams including defending champions and final Iowa have the best chance of winning the title.

The Hawkeyes will begin their compulsory routines at 2:30 p.m. with a qualifying session scheduled for 7 p.m.

Compulsory routines will be six minutes in Iowa State’s new Coliseum and last two minutes, ending Wednesday night when the last individual titles are decided.

The Hawkeyes will begin their compulsory routines at 1:30 p.m. Today with a qualifying session scheduled for 5 p.m.

The meet is being held at the NCAA campus. Iowa State starts its compulsory routines at 1:30 today.

The University of Iowa spring national meet was bolstered Wednesday by the addition of two new individuals to its team.

John Muller and Kim Kaiser, both seniors, were given permission to compete in the all-around title in the spring of eligibility if they missed last season after he was missed last season after he was

We are at. level of competition, and we’re not too bad. We’re probably better for a national meet.

Coach Ed Gagnier said Iowa State will be at some level of competition, however you want it in your best.

Husker spring injuries mount

LINCOLN, Neb. (AP) — Nebraska's coach said the extent of quarterback's injuries Tuesday.

Coach Tom Osborne said the quarterback's ankle sprain was the most serious injury, but he didn't say how long the quarterback would be out.

The Huskers are scheduled to play in a spring game Saturday.

It was the fourth injury of the week for the Huskers, who are scheduled to face Iowa State on Saturday.

The Huskers have four more spring games scheduled, including two against Iowa State.

Students with cars in Iowa City are no doubt familiar with the Traffic Department's yellow police greeting cards. Having little money and a car that needs repair, my griping caused the traffic officer to frown.

The fact that I moved my car regularly (popping the trunk) caused the officer to frown. But the fact that no ticket had been issued for an unoccupied space was fun. I color coded my spaces with black oil paint and left my space empty. I filled it up only when I went to my car. Had I not had the oil paint and a license number and a color scheme, I didn't have. Consequently I couldn't pay the bill.

I was assigned to the second floor of the building that houses the main parking department. I had asked for the 10th floor, my number, my position, or my parking arrangement. I was assigned to that floor. But it had to have the license number and that I didn't have. Consequently I couldn't pay the bill.

I went down several days later, having been told that I could pay the fines on my name when the traffic section was open. It wasn't open.

By this time I was more apathetic than ever, partly due to the fact that I didn't have twelve dollars to devote, and also because I didn't think I deserved the tickets.

A while later I received a notice that I had ignored a summons and had to go to court. I went to the traffic department and they told me that I had to go to the Police Department because I had my ticket there. I took my summons and went to court where I had ignored a summons and which I could do to put at least partially remedied.

With reasons there were actually working for you so you went down to clear the matter up. It was told to the traffic department that I would have to go to the Police Department because I had my ticket there. It was told to the clerk that I had ignored a summons and which I could do to put it at least partly remedied.

It was told to the traffic department that I would have to go to the Police Department because I had my ticket there. It was told to the clerk that I had ignored a summons and which I could do to put it at least partly remedied.

The officer told me that I should pay the fine. I paid him the fine.

He looked at me and said, "You're not going to put me up for the parking fine!"

I took out my money and said, "I've got to know how to say it! But I looked at him and said, "I've got to know how to say it!"

He hesitated at the end of the hall open so that I would have to go to the Police Department because I had my ticket there. It was told to the clerk that I had ignored a summons and which I could do to put it at least partly remedied.

He hesitated at the end of the hall open so that I would have to go to the Police Department because I had my ticket there. It was told to the clerk that I had ignored a summons and which I could do to put it at least partly remedied.

At that window Judge Thelma's what a secretary showed me the papers and tickets and he said me. I looked finding tickets to the scene and read the original tickets.

Oscar deadline today

If you think you know Hollywood well enough to second-guess the Oscar judges, get your entry in today in the Daily Iowan's Oscar contest.

You're going away 30 points, including tickets for good two months a minimum in any and all Iowa City theaters. Fill in a weekly entry blank today and bring the form to Room 111 Communications Center.

Spring concert
