A statement released by the Library of Congress has called for the election of George McGovern to the President. According to the statement, McGovern is the Democratic candidate for President, and his campaign has been endorsed by the Democratic Party. The statement highlights McGovern's efforts to address important issues such as the war in Vietnam, civil rights, and economic policies. It also mentions McGovern's support for peace and his commitment to improving the lives of all Americans. The statement concludes by encouraging voters to support McGovern in the upcoming election.

John Hurley, chairman of the Steering Committee for Democratic Victory, has endorsed George McGovern for President. Hurley said in a statement, "In this election, we must choose between a candidate who understands the needs of the American people and a candidate who迎合 the special interests of a few." Hurley also emphasized the importance of McGovern's commitment to issues such as peace, civil rights, and economic justice.

Politicians finalise campus campaigns

BY ROGER LYNCH
Associate News Editor
Three candidates for Iowa Congressional seats, each once involved in what will now be an unusual experience — a race that took place minutes after last Tuesday's election — met Tuesday afternoon for an earnest exchange of views and issues.

Democratic Senatorial candidate Jack Clark signed a pledge at boycotts sales orders before making his final political speech in the University of Iowa debates. Clark was joined at the round-robin rally by evening Democratic Senator Ed Mezvinsky, candidate for First District Representative and Democrats, candidate for Second seat. Clerk of Photo: Roger Loecker

"I'm a great writer of amendments." Clark's audience, though smaller, was more varied than the one which volunteered at a campaign appearance here Thursday. Clark received an ovation when the vote was called, an ovation had the same Kafkaesque fullness.

"We're going to beat Jack Miller tomorrow," Clark said. "I heard his performance and compared it with the one that Jack Miller and our Democratic Committee will have."

"We've been at work on the bill and we're going to keep working on it," Clark said. "I'll be here six hours."

"You may decide the outcome of the election on your vote," said Clark. "We will do our best, as usual, to see you vote.

"We're going to beat Jack Miller tomorrow," Clark said. "I heard his performance and compared it with the one that Jack Miller and our Democratic Committee will have."

...
The election choice: a wrap-up

When you vote today, you'll find some levers for which there has been no precedent or example.

Three Iowa Supreme Court Justices and four District Court judges are up for retention on county ballots. The following recommendations are based not on ideology but on the judges' fairness and ranking on the social, political, and legal climate of replacements who could be named.

Supreme Court:

C. Edwin Moore—the chief justice has a truly progressive reputation. Yes, retain.

Harvey Ushomirsky—the Court's most progressive, humane judge with the best legal minds on the Court. Yes, definitely.

Warren Dorson—Republican new to the court. No opinion.

John L. Hyland—very scholarly judge, only moderate progressive, apparently no real name issue. No opinion.

D. Part of the amendment which would allow the Iowa Supreme Court to remove a justice in the just cause. This amendment would be阿姨 to the impeachment of the post, which ought to be disclosed and voter registration.

One goal of this series has been to encourage the public to invest hundreds to government. But his patterns are clear—the interpretation is often

Robert Doderer—Known as a "shoo" from the first style job, but a real person in that sense. No opinion.

Harold E. Vincent—Excellent, yes. Clinton E. Shaeffer—Lacks the humanism and ideology of audits and the make a good, hard-nosed

Owen, a 35-year-old school teacher and reform-minded attorney..."

To the Editor:
I do not understand your editorial of December 22 regarding the term for the Board of Supervisors. Your opinion of Mr. Arthur Costantino as a "weakest link" is so far outside the realm of reality that you might be better off to remain a political nonentity. Your remarks about Mr. Costantino's actions, such as his "not being in the forefront" of county politics, are also so far from the truth that you might want to examine your own conscience before you write any more editorials.

I was Johnstown County Commissioner for Mr. Costantino when I ran in the 1974 County Treasurer election. I asked Mr. Costantino to run in that position and to run against Mr. Minnie Peddie. We both agreed that Mr. Costantino's efforts would be better utilized on the Board of Supervisors. He has served the county for 10 years as commissioner and 2 years as a supervisor and has always been concerned about the betterment of the county.

Mr. Costantino has always been concerned about the environment and worked hard to improve it. He has been on the forefront of the drive to overthrow the County Board to get the tax increase necessary to improve the situation.

Mr. Costantino has worked very closely with the Johnstown Daily Times to promote the environment and to get people involved in the county's problems. He has supported the environmental groups and has helped them in every way possible.

I feel that Mr. Costantino has been a good representative for the county and I hope he will continue to serve on the Board of Supervisors.

Sincerely,
Donna Louise LlL

To the Editor:
I was very interested in your editorial of December 22 regarding the term for the Board of Supervisors. You mentioned Mr. Arthur Costantino as a "weakest link" and I must disagree with your opinion.

Mr. Costantino has been an active member of the county's environmental groups and has worked hard to improve the environment. He has been on the forefront of the drive to overthrow the County Board to get the tax increase necessary to improve the situation.

Mr. Costantino has worked very closely with the Johnstown Daily Times to promote the environment and to get people involved in the county's problems. He has supported the environmental groups and has helped them in every way possible.

I feel that Mr. Costantino has been a good representative for the county and I hope he will continue to serve on the Board of Supervisors.

Sincerely,
Donna Louise LlL

Art Small on appointments
To the Editor:
In a recent editorial you stated that Mr. Costantino should not be appointed to county offices. I would like to point out that this is not the first time that you have made this charge.

In 1974, you wrote about the appointment of Mr. Costantino to the Board of Supervisors. You stated that he was not a good representative for the county and that he should not be appointed to county offices.

In 1975, you wrote about the appointment of Mr. Costantino to the Board of Supervisors. You stated that he was not a good representative for the county and that he should not be appointed to county offices.

In 1976, you wrote about the appointment of Mr. Costantino to the Board of Supervisors. You stated that he was not a good representative for the county and that he should not be appointed to county offices.

I would like to point out that the appointments of Mr. Costantino to county offices have not been made because of his political affiliation but because of his dedication to the county.

I believe that Mr. Costantino has been a good representative for the county and that he should continue to serve on the Board of Supervisors.

Sincerely,
Donna Louise LlL

Prybil on roads
To the Editor:
In responding to my letter of December 22, I would like to add that I am not a supporter of Mr. Costantino for county commissioner. However, I believe that he should be appointed to county offices if he is qualified.

Mr. Costantino has been an active member of the county's environmental groups and has worked hard to improve the environment. He has been on the forefront of the drive to overthrow the County Board to get the tax increase necessary to improve the situation.

Mr. Costantino has worked very closely with the Johnstown Daily Times to promote the environment and to get people involved in the county's problems. He has supported the environmental groups and has helped them in every way possible.

I feel that Mr. Costantino has been a good representative for the county and I hope he will continue to serve on the Board of Supervisors.

Sincerely,
Donna Louise LlL
THINK ABOUT IT...

Local candidates have it tough these days. National campaigns tend to draw the interests of editors and voters away from grassroots politics and focus them on more glamorous issues. But the grassroots is important, too. In fact, as students what goes on in the Iowa General Assembly can directly affect your pocket book, your future, your philosophies as much as any act of Congress or the President. That is why we, students supporting Marion Neely for the State Senate, thought you would like to know some of the things our candidate stands for. In simplest terms, we feel Marion Neely offers direct, positive, practical and effective approaches to some of the issues of concern to us all. The party is not important, he's Republican, but the need for effective representation is.

KEEPING THE RECORD STRAIGHT

It is not enough to say you have sponsored more legislation than any other State Senator. Anyone who can sign his or her name can become a sponsor of almost any bill. The real test is how much legislation your present representative has actually written and that has actually been enacted into law. Minnette Doderer claims responsibility for 13 pieces of major legislation, but a look at the Senate Journal produces no evidence that she has been responsible for even one. It takes more than talk to get legislation passed; it takes the ability and the desire to follow through. Marion Neely knows how to fight for legislation, and he wants to follow through.

TUITION

Tuition simply must not be increased if the University is to remain competitive with other Big Ten schools. If we raise tuition we automatically exclude from the educational process those who most need and deserve it.

THE UNIVERSITY’S IMAGE

Marion Neely received two degrees from the University of Iowa and has lived in the state all his life. He knows what it is like to be a student. He also knows that the people of this state do not dislike us here; they don’t understand us. They have never really been told enough about us. Marion Neely’s opponent has been belligerent, negative, and condescending to the people of Iowa and has said nothing that can actually be said for legislation, but a look at the Senate Journal produces no evidence that she has been responsible for even one... It takes more than talk to get legislation passed; it takes the ability and the desire to follow through. Marion Neely knows how to fight for legislation, and he wants to follow through.

STUDENT ADVISORY COMMITTEE

Marion Neely makes no claims to be in the know on all the issues and concerns. This is why he plans to establish a student advisory committee if elected. As he puts it: “I would be foolish to think one Senator can shoot from the hip and fairly represent everybody in so diverse a constituency as ours. By establishing such a committee I feel there can be student input on all the issues before the Iowa legislature. It needs a younger look at a lot of things.”

SUPPORTERS

Gov. Robert Ray supports Marion Neely’s candidacy for the State Senate. They know each other. They can work with each other and the governor will listen to Marion Neely and the people he represents. Marion Neely is well aware that some top University administrators do not support him. They know that he wants to be independent and represent his whole constituency and not small interest groups.

WOMEN’S RIGHTS

Marion Neely’s opponent has claimed to be for the rights of women but to date her efforts have been confined to unsuccessful abortion reform. Her own husband, the personnel director of the University of Iowa, has had numerous complaints against him for discrimination against women on the University’s non-academic payroll. Before a person can make a decision about having or not having babies, she needs a decent income. There is no excuse for a state institution to not pay men or women on an equal basis. Marion Neely has no personal conflicts of interest to prevent him from fighting for this very high priority—that of a decent, fair wage for work done, regardless of sex.

DRUGS

As police judge, Marion Neely developed a second chance program for kids involved with hard narcotics. It gave them a chance for hospital care rather than a prison term. He fought for two big changes in Iowa’s drug laws. One transferred enforcement responsibility away from the state Pharmacy Board to the Department of Public Safety. The other was passage of the uniform drug law which treats marijuana possession as a misdemeanor rather than a felony. The new law also favors probation for first time possession offenders.

LAW ENFORCEMENT

Marion Neely feels law enforcement needs to be put into perspective. A police officer driving around in thousands of dollars worth of crime-solving equipment should not be responsible for writing tickets for non-moving traffic violations just to bolster the general fund of a community. The time spent giving, John Q. Public a ticket for parking in a yellow zone would be better spent cracking bicycle theft rings and offering greater protection from rape for women. As police judge, Marion Neely was active in court reform to upgrade the Iowa City Police Court so it would be more than a parking ticket collection agency. He helped establish the first in-service police training program for Iowa City. But more has to be done to put protection back into law enforcement and take collection out of it.

Think About it.

Sponsored by Contemporary Affairs of
Linder aerial lifts DGs to Powder title

By BOB DENNEY

A moderately cool crowd stood on the sidelines Sunday afternoon at Fishbowl Field watching the finale of the women's Powder Puff Flag Football championship game. At the end, the cool crowd sat dazed and stunned—women's flag football had come of age.

Delta Gamma severity defeated the women of Phi Lambda Sigma 20-14, the third Powder Puff title in Delta Gamma's history and the first in a six-year period that saw as many injuries as touchdowns.

"The girls were great today," Coach Vanek said in disbelief. "I don't think I've ever seen so many injuries in any Powder Puff game before."

What was the big drawing card of the women's football championship? Linder said, "I can't hard to figure out."

Linder added, "The competition between the women is just as fierce as the men's."

"The women's league is as competitive as the men's," he added. "It's just that the women are more organized."

Stamp had run the Powder Puff tournament on limited funds, without university officials, costing the league $200. "We relied on men from the house to do the work," Stamp said.

The big play came with a 45-yard TD scramble by Murphy, and the strong defense of the Phi Pi's clinging on to dear life with a 1-0 advantage. Linder was faced with a fourth down and fifteen situation, and watched Murphy sprint up the middle and out to catch the bomb. The play worked with perfection, the crowd went wild, and the DG's were done.

"It's been great today," Coach Vanek said afterwards. "We practiced hard, worked well together and were extremely up for the fight."

Over the course of the game, the most amazing display to the female gridiron fans were the expressions upon the countenances of the male majority at the game. "They can't do that!" was the cry of the day.

"No, but they did it,"horrible!"

"Don't let her stand up, hit her, that's it, and undisputed, they hit hard, don't they?"

The No. 1 Delta Gammas

Here they are, the Powder Puff Flag Football champions from Delta Gamma severity. They won the title finale, defeating Phi Delta Phi 28-12, from Iowa, Iowa left, and Pat Bean, Ellys Murphy, Chris Johnson, Ann Mowrer, Kathy Madsen.

Meet Iowa's most regulated hospital and doctor bill companies.

Even if we wanted to do something bad, we couldn't; your board and the Insurance Commissioner wouldn't let us. Fact is, the Commissioner even has to give us the green light when we do something good like broadening coverage.

He also checks our income, our outgo, our reserves, what we spend to get new members, what it costs us to operate. Everything!

The result is that we're far more supervised than commercial insurance companies.

Strangely enough, we really don't mind. You see, in exchange for stricter regulation, the legislature gave us our nonprofit status. That is what gives us more of your dues dollar to spend on you.

We think it's a good deal because our members benefit from better protection. More than a million of them wouldn't have it any other way.

Wells & Niesen share honors

The quarterbacks who rolled surprising victories, some ways of times and places. Michigan State, shared recognition as the Big Ten's Offensive Player of The Week by The Associated Press Monday.

Wells, la 10.0 yards touchdowns and five final scoring passes Saturday in 111-9.1 Iowa State defeated Michigan State, 132-11, in a 10-13 rout of North women for the first ever victory in the football season.

Rosen, a former defensive back, carried 19 yards and a touch down as Maryland Escort Duty with a 32-25 win over Bowling Green Saturday.

The No. 5. 225-pound Wells accounted for 17 total quarterback passes, both completed and in the air, and ran for another 107 yards on limited funds, without university officials, costing the league $200. "We relied on men from the house to do the work," Stamp said.

The big play came with a 45-yard TD scramble by Murphy, and the strong defense of the Phi Pi's clinging on to dear life with a 1-0 advantage. Ex-bench warmer Nixon compared to Teddy Roosevelt

WASHINGTON (AP) — President Nixon, indirectly, is the kind of man who speaks softly. But he has often been called forth in a roar.
The notion of speaking softly and carrying a big stick goes back to Teddy Roosevelt. The former president was the inspiration for President Nixon, who took office in 1961.

Nixon is not exactly a 20th-century man, however. Within recent months, he has been built at a fragile bridge between China and Taiwan and has begun a process that, hopefully, will lead to a limitation of nuclear arms. East and West must work together to make this possible. If they can't, it's up to the rest of the world to decide.

The decision-making process will not be easy. It is a delicate matter to handle, especially in China. The President has been advised by his advisors that the President must be in China.

The President has agreed and will go. But it is a difficult decision. The President's in-office alteration was of no surpassing importance in the White House.

An important point of comparison between Nixon and the former Republican president, Theodore Roosevelt, is their differing approaches to public, Nixon often seems awkward. During a trip to San Francisco, he was accompanied by a large entourage of security guards.

The President did inveigh against those he cast as foreign predators. But one can only imagine what Theodore Roosevelt would have said.

Another deviation

In December, Roosevelt demonstrated his abilities as a military strategist. Yet talk persists that a further deviation may be in the making.

Nixon and Roosevelt, it might appear, would find closest kinship in constructive situations in which they do not American interests abroad were threatened. Roosevelt, the original diplomatist, man, probably became president only because he argued he was the best candidate for the job.

Nixon's cautious personality advises him to lavish on his opponents the respect due the American people. He may have an opportunity to show his respect to the American people.

One of Nixon's principal advisors says his boss is lavish in asserting American supremacy, but the public always apparent than they have ever been.

One could easily imagine Teddy Roosevelt doing the same.

In the same way, Nixon and T. R., might share a kinship in asserting American supremacy. It is not certain that they will lead to a limitation of nuclear arms, East and West.

In the same way, Nixon and T. R., might share a kinship in asserting American supremacy. It is not certain that they will lead to a limitation of nuclear arms, East and West.

Silence

Thus, many Democratic operators running for office this fall have launched the campaign.

Many other polls, especially the old polls, are a dead letter today. The public has such a low opinion of Richard Nixon.

Nixon, basically, is a rather shy man. Seldom does he share his friends in public. He does not relish what he views as a waste of time. He does not relish what he views as a waste of time.

For the President does not like small talk. He does not relish what he views as a waste of time. He does not relish what he views as a waste of time.

Nixon, basically, is a rather shy man. Seldom does he share his friends in public. He does not relish what he views as a waste of time. He does not relish what he views as a waste of time.

Silence

However, Nixon often seems awkward. During a speech, his gestures may appear to him with his words. Newsmen who have followed him have noted that, while he is in public, the President tends to stand on his toes. Presumably, this is evidence of an interested man.

Nixon is a shrewd politician. He is self-assured and does not let his emotions show. He does not let his emotions show.

Nixon, basically, is a rather shy man. Seldom does he share his friends in public. He does not relish what he views as a waste of time. He does not relish what he views as a waste of time.

Silence

But one can only imagine what Theodore Roosevelt would have said.

Many of his old adherents, are realistic. We see the world now, and not at the moment.

But one can only imagine what Theodore Roosevelt would have said.

Muslims celebrate three-day feast

The three-day Muslim feast of “Eid-Fitr,” the breaking of the fast begins this week. Muslims to celebrate the end of the holy month of Ramadan, the ninth month of the Islamic calendar.

This ends the 30-day period during which Muslims to fast during the day and eat after dusk. The three-day holiday in which joy and happiness are exchanged visits and family gatherings, is called “Eidel-Fitr,” and it gives the family a chance to get together. It is like Christmas in the West, but we’re not 100 percent sure.”

It’s been done. The world’s chewing gum record has been broken, or that’s the story on the front page today.

Sherrill Nicholas, All, The Student, recently chided 30 sticks of Willow’s Sweetest gum for about 9 minutes.

In “three days a bigger record,” he stated afterward. “It’s a record.”

It's a new look for room 221

Walls come alive with color, stripes

Room 221 in the chemistry building is a hot spot for students to enjoy the latest in color and stripes. "The new look is fresh and exciting," said Harris. The classroom has been transformed with bright, cheerful colors and a variety of design elements.

The walls are painted in a range of colors, including yellow, blue, and green. Stripes of different widths and colors add an extra touch of creativity. "The stripes make the room feel more dynamic," said Harris.

The classroom is also equipped with updated technology, including touchscreens and wireless access. "These features make learning more interactive," said Harris.

Spanish department says:

"We love Sempronio"

By DIANE E. DRDMA
Assistant Professor

Do you ever dream of being a famous painter? If you're a student at Iowa, you might be on the way to achieving that dream. 

The Spanish department is proud to announce its newest exhibition, "Sempronio," featuring the works of the popular painter. 

"Sempronio is a true artist," said Professor Harris. "His paintings capture the beauty of the Spanish landscape and culture, and his works are sure to delight anyone who loves art."

The exhibition will be open to the public from November 8th to November 14th. Visitors are encouraged to stop by and enjoy the paintings and to learn more about the artist and his work.

Competence seen in Bernarda Alba

"Bernarda Alba is a very difficult show," said Professor Harris. "It requires a great deal of investment from the cast to truly bring the characters to life."

The play tells the story of Bernarda Alba, a widowed woman who is determined to maintain control over her family's destiny. The show features a cast of over 20 actors, each bringing their own unique interpretation to the characters.

"The performance was truly remarkable," said Professor Harris. "The actors were able to capture the passion and intensity of the characters, making the show a true delight for the audience."

The play is being performed at the University of Iowa Theatre on November 8th and 9th. Tickets are available at the box office or online. 

Love affair.

We have a love affair going with a beautiful schooner in the tropical Caribbean. And, we are looking for 30 adventurous guys and 30 congenial gals to share our decks for an experience under tropical sun kissed days and star spangled nights. Exuma, Saba, Gorda Bay, Martinique, Grenada are yours to discover. Pink, white, black sand beaches and sparkling Crystal clear waters to dive.

And, no social director to tag along... you make it on your own. Calypso, goodby and Antigua rock set our tempo. 8 days and nights and your share from 175. But for you. We'll send you a free adventure brochure that will blow your mind. Write Cape May. P.O. Box 120, Miami Beach, Florida 33139.
PAT wants new contract for UI student housing

By JEAN BOTT

The University of Iowa, landlord of eight residence halls, has taken action to inform tenants of their new lease agreement.

"The new contract is a result of a series of meetings between the university and tenant representatives," said Harding, a third-year law student.

"The contract does not give tenants the right to change the contract, and there is a lack of clarity between contract violations and disciplinary actions that result in partial or full contract termination," Harding said.

Criticism of UI power

The contract is not a perfect contract, but it is not perfect in all situations," Harding said.

"There is a possibility that the university could not handle all situations," Harding said.

"No clarification exists of what standards the university will enforce," Harding said.

"In some cases, the university will enforce the standards," Harding said.

"I think it is important that the university enforces these standards," Harding said.

"In other cases, the university will not enforce these standards," Harding said.
