First female police officer in Johnson County

Susie's no metermaid

By JEANNE DetXLA
Associated Press Writer

Susie is one of those women you see walking around in uniform. She isn't the usual metermaid you see in the movies. Susie is a police officer, and she is one of the first women to join the Coralville police force.

Before I'm on my own, I've got to apply to a police academy. In the next week at the Coralville police academy, I'll be one of the first female police officers in Johnson County, Iowa. Susie said she's looking forward to the challenge of being a police officer.

More peace talks needed, talks say

WASHINGTON (AP) - The White House and Monday there may be a need for some additional military aid for South Vietnamese forces. According to the proclamation of President Nixon, South Vietnamese military aid could increase by 750,000 in the next year.

Self-governance and self-defense for South Vietnamese is one of the main goals of the Nixon administration. The proposed $251,000 would be used to aid in this goal.

Where it's at

WASHINGTON (AP) - The White House is not saying exactly what they will do in the future. It is being said that they will continue to provide military aid to South Vietnam.

Indian demands possession of public lands, or 'uprising'

(OKLAHOMA CITY, AP) - A landowner has asked a federal judge to order the United States to give him possession of a large tract of land in Oklahoma as the price for preventing a possible uprising among the Native Americans.

The petition was filed by Mr. White, a Cree Nation chief in Oklahoma, who said his tribe has been fighting the government for years to get the land returned.

"We call on the federal government to give us back the land we lost," White said in a statement. "If they don't, we will take matters into our own hands."

The Native American tribe has been trying to regain control of land that was taken away during the 19th century, when the government forced them onto reservations.

The judge ordered the government to respond within 30 days.

Justices to meet with him by the end of the year.

The request comes after a hearing where officials said there is a very great tolerance for officials who might be perceived as missing the deadline.

The Native American chief, Mr. White, said he is satisfied with the judge's order and said he will continue to press the government for the land.

(NEW YORK, AP) - A Native American tribe has asked a federal judge to order the government to give them control of a large tract of land in New York.

The petition was filed by Mr. White, a leader of the tribe, who said the land was taken away from his ancestors by the government.

"We call on the federal government to give us back what is rightfully ours," White said in a statement. "If they don't, we will take matters into our own hands."

Respect for Principal Barker

The busing of public school students to achieve racial integration has been a point of contention in many school districts. While the benefits of integration for students are well-documented, the process can be challenging for both students and educators. In the context of the article, the author expresses concern about the potential negative effects of busing on students and suggests that alternative solutions should be considered. The author’s perspective highlights the complexity of addressing educational equity and diversity.

More about Mat Maidas

In the letter, the writer questions the necessity of busing to achieve integrated education and suggests that other approaches should be considered. The author’s argument is based on the premise that busing may not be the most effective or equitable method for achieving racial integration. Instead, the author advocates for alternative strategies, such as desegregation through voluntary means or creating integrated schools by choice.

Mat Maidas

Dear Daily Iowan,

The letter to the editor published in the November 10 issue of the Daily Iowan raised interesting points regarding the busing of students to achieve racial integration. While the benefits of integration are widely recognized, the process can also pose challenges for students and educators. The author’s perspective highlights the need for a balanced approach that considers both the benefits and potential drawbacks of busing.

Music Man good but gutless

Sets and costumes were stunning and amusing. But the Music Man was a gutless performance.

By STAN LAURETT

The Music Man was just a musical version of "Goodbye, Mr. Chips," which is why I can't understand why we are spending all this money to give us a show which is so unoriginal.

It is a musical about the life of a school teacher who is leaving his job and is going to New York City to become a musical director. The show was written by Meredith Willson and composed by the same man.

But the problem is that the show is not original. It is just a copy of the book "Goodbye, Mr. Chips." The music is not original. It is just a copy of the music from the book.

The show is also not very well written. The dialogue is not very good. It is just a copy of the dialogue from the book.

The show is also not very well acted. The acting is not very good. It is just a copy of the acting from the book.

The show is also not very well directed. The direction is not very good. It is just a copy of the direction from the book.

But the worst thing about the show is that it is not very well sung. The singing is not very good. It is just a copy of the singing from the book.

In conclusion, the Music Man is a gutless performance. It is not original. It is just a copy of the book. It is not well written. It is just a copy of the book.

Nigerian speaks on african unity

By DAVID HOBART

In Nigeria currently, the country is facing many challenges. One of the major issues is the unity among people of different tribes.

There is a growing awareness of the need for a common national identity. This is mainly due to the increasing political instability and the fear of the ethnic group being left out of the political process.

The government is trying to address these issues through various measures. One of these is the Black Kaleidoscope cultural series. This series aims to promote understanding and respect for each other's cultures.

The lectures are given by well-known figures from different tribes. These lectures provide an opportunity for people to learn about each other's cultures and to understand the challenges faced by different groups.

The Black Kaleidoscope cultural series is a positive step towards promoting unity among Nigerians. It is an opportunity for people to come together and share their experiences and ideas.

However, more needs to be done to address the root causes of the problems facing the country. The government needs to start implementing policies that promote unity and address the issues faced by different tribes.

Bengtson named New England boss

Pittsburgh Sun - Phil Bengtson, who helped lead the Green Bay Packers into a National Football League dynasty in the 1960s, has joined the Board of Directors of the New England Patriots of the NFL.

Bengtson, who was head coach of the Patriots from 1966-70, was named interim head coach after Butch Loechel resigned last Sunday.

Loechel, who had led the Patriots to a 6-6 record in 1976, resigned after a 17-14 loss to the Bills on Sunday.

"Bengtson will be a tremendous asset to our organization," said Patriots President James J. Carron. "He has an extensive background in football administration and coaching, and he will bring a wealth of knowledge and experience to our team."

An open letter to the residents of our community.

The Old Capitol Sparta Club of Iowa City and Coralville wants to extend its thanks to the merchants and members of our community who made our Mentor Sons fund raising campaign a success again this year. The response of the people in Iowa City, Coralville and across the state was most gratifying. As a result of the program, we will be able to do even more in the community this year than ever before.

Sparta sponsors a variety of services and facilities concerned with helping those handicapped by hearing and speech defects. Sparta sponsors a freedom program to perpetuate the principles Fundamental to the existence of Free men, and sponsors the service to disabled award which recognizes the deeds of men and women who have devoted themselves to helping others. The Old Capitol Sparta Club also aids the Kennedy Foundation, Cancer Fund, United Way and others in Johnson County.

Other proposals to help our community are now before the membership and in the committee. The center raised as a result of your generosity and benefactions are to be used to further services and community goals and to help those who need and deserve our community support. Again, we are grateful for the differences made possible through your generosity.
