Israel said it downed 25 Syrian MiG fighters Thursday and posted FNIGG-455, a machine gun, to the Israeli headquarters. A Syrian official said the number of killed or wounded was at least 100,000.

Israel and Syria are locked amid war that is causing scores of civilian casualties. The fighting is the worst in the area since 1973.

Israel's action came after an archeological site of an ancient city was looted and its artifacts sold and smuggled out of the country.

The site was looted when Israeli forces were fighting in the region last month.

Van Allen honored at dedication

By Corinne Campione

The剥离 of a chaste portrait of Iowa. Van Allen Thursday
afternoon said he was very proud of the efforts of the
law professors, faculty and students who have been
working to attract a clinician to the Van Allen
Clinical Program.

"I'm thrilled that so many people want to be in Van
Allen Hall," said Van Allen, who was the first student
to be admitted to the program in January.

"I'm hopeful that everyone is looking forward to the
day, and that it will be a success," said Van Allen.

"I'm grateful to the university and the People for
Wrinkles, who have contributed to the cause."
Was Paige the greatest of all?

Michael Humes

It’s nearly time to bury it all, to feel the joy and pain of the final game, and the tears that must be cried. But before that, let’s look back on the career of Louie “Mr. America” Paige, the greatest pitcher of all time.

Perhaps you know the story, the man, the legend, and the legend is true. He was an absolute warrior on the field, a man who never backed down from a challenge. He was a true competitor, a man who never gave up. He was a man who never backed down from a challenge.

The fighting in Lebanon shows the hazards of complex and passionate problems. The Reagan administration, after virtually ignoring the Middle East, has now been compelled to deal with this situation. It is a situation that those who follow the news need to examine a variety of sources to arrive at something approaching objective measurement.

The cover story of the May 8 issue of TV Guide accused CBS’s ‘Disarmament Being Held at the United Nations’ of being pro-PLO, and quickly got two of the most famous of them to participate. Paige has been a staunch supporter of the PLO, and quickly got two of the most famous of them to participate.

But free-fireing is not a substitute for free speech. The principal allegations made against CBS were that they selectively interviewed the destinations. The document was an attempt to focus, includ- ing all controversial utterances, and that some sources had been removed by the editors. Cigarette ads and the ‘new woman’

Glenn & Shenker

For women, the idea of a ‘new woman’ is not a new one. It has been widely accepted in society as a positive change.

The regulations and exceptions to the ordinance’s strict provision that noise shall not be allowed to be plainly audible ‘within the city, anywhere, all of which are in violation at one time or another. But more to the point, the public interest in serving the residents of the city is served by the regulation of excessive noise within the city.

Noise ordinance

Iowa City’s proposed noise ordinance was approved in first reading by the Iowa City Council at a meeting Tuesday night. The regulation was approved by a vote of 6-1, with Mayor Paul Miller abstaining. The ordinance will go into effect on January 1, 1980.

The ordinance states how much of a fine a persons has to a level of environment that may be disturbing. The ordinance provides a good test for those who are/against a regulation.

Cigarette ads

Cigarette ads portray women in a variety of roles, from the classic image of the smoking woman to the modern image of the woman who enjoys a pack of cigarettes.

DOONESBURY

Dear Editor:

I am a disabled veteran of the Vietnam War. I was wounded in action in 1968 and have been a paraplegic ever since. I have been a strong supporter of the peace movement and have been involved in many anti-war activities. I have also been a vocal critic of the government’s policies in Vietnam and have spoken out against the war in public forums.

I am writing to commend your newspaper for its coverage of the Vietnam War. Your newspaper has been a consistent and strong supporter of the peace movement, and has provided a forum for many of the voices of the anti-war movement.

Thank you for your support of the peace movement, and for your dedication to the cause of ending the war in Vietnam.

Sincerely,

A Vietnam War Veteran

Nurses

Four of six Iowa nurses sold in 1982 to industry, or "in at least 25 years," for the state to receive the highest rate of nurses. Several years ago, the nurses had been working for the state of Iowa, but they were not receiving the same compensation as nurses in other states. Most state employees are required to contribute a portion of their salaries to their retirement and the pension plan. But last year's rates in the state budget are not included in the employee plan, because the plan was not in effect if the employee steps working for the state.

Dancer Gudavonir fired

LOS ANGELES (UPI) - Former Russian ballet dancer Alexander Gudavonir has been fired from the American Ballet Theatre, the company he joined following the 1979 defection from the Soviet Union, it was reported Thursday.

Executive Director Herman Reiss said Gudavonir was fired because the company is radicalizing its repertoire for next season and discontinuing its association with the Bolshoi ballet company. The Bolshoi ballet company is part of the former Soviet Union. Gudavonir has been a member of the Bolshoi ballet company for many years.

**Movies examine breakdown of modern social relations**

By Craig Myers

The first half of the story sets the tone for what the film is all about. It begins with a series of shocking realism that makes parents shudder and consider what has happened to their once innocent children. The film is shot entirely by another person, down to the last detail, but the kids living inside have no idea of the developer who is more worried about the devalued property and the easy escape in two villains - the police chief who is caught between the mob and the law, and the kids who are the victims of their own creation. The film became America's first to be given an X rating by the ratings board, and it was a turning point in the history of film censorship.

The film picks up a critical following in the later half of the story. It seems the second half was not as successful as the first half. While the first half is packed with action and mystery, the second half is more focused on the internal struggles of the characters. The film could ever find an audience, intended to capture the social commentary inside the agonizing story of a young boy named Richie White. The movie is directed by Andrzej Wajda, who is a famous Polish filmmaker known for his simple morality tales that Wajda finds particularly cogent in communist Poland.

Jerzy, the film, is a simple morality tale that Wajda finds particularly cogent in communist Poland. It's a movie about a man who is struggling to find his place in society. He is a simple man who is trying to make a living as a farmer, but he is constantly being oppressed by the industrialization that is taking place around him. In the end, Jerzy is forced to make a decision that will affect the rest of his life.

The story of Richie White is a heartbreaking one. He is a young boy who is struggling to make ends meet. His family is poor, and they are constantly struggling to pay the rent. Richie is a good boy, but he is constantly being bullied by the other kids in school. He is a simple boy who is trying to make a living as a farmer, but he is constantly being oppressed by the industrialization that is taking place around him. Best year ever completed in women's gym recruiting

By Steve Rattebman

Iowa Women's Gymnastics Coach Dalip Chopra recruited some great names with one of the top
assessors in Iowa to help recruit for the program this year. "I have never been this excited about recruiting," Chopra said. "I think we have a lot of potential for this team and I'm looking forward to seeing what happens.

The ongoing recruiting efforts have been paying off, as the team has several new recruits coming in next season. Chopra is confident that the team will be in the mix for national titles.

HOLMES, Cooney to square off for WBC crown

Conditioning may well be key to fight

LAVAGLE, Nev. (UPI) - Larry Holmes has been heavyweight champ for most of the past five years. But he will have his work cut out for him when he takes on Gerry Cooney in their title fight at Caesars World in Reno Saturday night.

Holmes, who is 38 with 29 knockouts, has held the championship since July 1978. And while Holmes has faced many excellent fighters, this particular bout stands out.

"This is the first time in my career that I have to really worry about conditioning," Holmes said. "I am going to have to make sure I am in top shape by the time this fight is over." Holmes will have to make sure he is in top shape because Cooney is a fighter with a lot of energy. Cooney has never been beaten and has never been stopped.

"He's never been stopped," Holmes said. "He's really never faced a fighter like this." Holmes has faced fighters like George Foreman, Mike Tyson, and Evander Holyfield, but he said this is the first time he has faced a fighter who is as good as Cooney.

"Cooney is a fighter with a lot of energy," Holmes said. "He's really never been tested against a fighter like this." Holmes is the WBC World Heavyweight champion and has held the title since he knocked out Thomas Hearns in 1980.

"Holmes has the speed and the power," Cooney said. "He's a good boxer and he's got the right type of conditioning." Cooney has always been a fighter who has had good conditioning.

"He's a good boxer and he's got the right type of conditioning," Cooney said. "He's a good fighter and he's got the right type of conditioning." Cooney is coming off a win over Dino Dennis last month.
