Watergate looms a decade later

Perspectives differ on scandal’s lesson

By Scott Bennett

Most IDA residents were no more than 10 years old when word of the Watergate break-in first reached the world. Today’s young people will be the ones to judge the Watergate scandal.

The Watergate scandal began 10 years ago on June 17, 1972, when five men, members of the Committee to Reelect the President, broke into the Democratic National Committee’s headquarters at the Watergate complex in Washington, D.C. The Watergate burglars were later linked to the White House by James W. McBurney, a part-time telephone receiver at the White House.

The Watergate investigation that followed led to the resignation of President Richard Nixon, the first — and so far only — U.S. president to resign from office.

Kitchen tests performing boundaries

By John O’Hara

Two nights of the Kitchen Tour at Shaker Center have won for us the opportunity to perform in a difficult and unusual setting. The audience was seated in a circle, with each seat communicating directly with the others. This created an intimate and immersive experience for the performers and the audience.

The setting of the performance was also unique. The room was dimly lit and had a cool blue hue. The sound system was turned up high to create a sense of immersion. The performers wore wireless microphones, which allowed them to move freely around the room.

The themes explored in the performance centered around the idea of boundaries and the challenge of breaking them. The performers experimented with different sounds and techniques, pushing the limits of what is possible in a live performance. The audience was asked to participate in the performance, creating a sense of collaboration and shared experience.

Overall, the performance was a success. The audience was engaged and responsive, and the performers were proud of their work. The Kitchen Tour at Shaker Center was a memorable experience, and we look forward to performing there again in the future.

Misjudged plays don’t count as major league base hits

Watch an entire baseball game this year and you may not see a home run. Expect this season to be like the one out at what would only be called hearthy baseball.

In the opening game of the Cleveland Indians’ season in Chicago, for instance, a ball was hit high to the left for a home run. The Indians’ Jack Feller, invited over toward the wall,巴黎 it as a clean hit.

The ball landed in the gift on the way in the ground. The play was called, and the Indians scored.

The ball should have been an easy play, but the defense was off a multiple, obviously making the wound county of the play called.
