State senatorial candidates split over issue of taxes

Art Small

Though most politicians agree it's tough to raise taxes during times of inflation, few leaders in the lawsuit filed by 1981 candidates for the University of Iowa regents Tuesday to challenge the board's decision to raise tuition by 10 percent.

Limited funds 'a disappointment' to Committee on Community Needs

By Karen Hartley

While members of the city's Community Needs Committee on the 23rd, in the middle of its eight sessions, learned that $650,000 is still available to the city, the council had decided to give the committee 60 more days to make its report, or 104 days after its last meeting.

The city council's budget for the new fiscal year is $750,000,000, but the committee has $650,000 in its budget to work with.

The committee's annual report is due by Oct. 1, and the city manager is expected to present it to the council.

ASSISTANT CHARGING MANAGER

Lisa Hales

Delivering a menu of financial services to handle your financial needs.

TO: THE UNIVERSITY COMMUNITY

FROM: LISA HALE

DATE: OCTOBER 26, 1982

SUBJECT: Funds Management

Dear All,

I am writing to inform you of the availability of certain financial services offered by the Office of the Assistant Charging Manager.

1. **Budgeting Services**
   - Assistance with developing and managing budgets for departments and programs.
   - Budgetary planning and allocation support.

2. **Financial Analysis**
   - Analysis of current budgetary situations and forecasts.
   - Evaluation of budgetary trends over time.

3. **Accounting Services**
   - Assistance with account management and financial reporting.
   - Review and reconciliation of financial transactions.

4. **Training and Education**
   - Workshops and seminars on financial management.
   - One-on-one consultations on financial strategies.

Please contact me at your earliest convenience to discuss how these services can best assist you and your department.

Best regards,

Lisa Hales
Assistant Charging Manager

**EXCERPT**

"...and the Irish people have not been without reason ever since the year 1798. They have a right to demand the establishment of their independence..."
Older students

Since the UI began keeping records of student ages in 1917, the number of students in their 50s and 60s has grown at a rate of 10 percent per year. This semester there are approximately 4,000 of them, or 14 percent of the total student population.

The main reason for the increase in the population of older students appears to be "the current economic situation," according to Donald Mathews, who heads up advanced studies at the UI. Older students are noting that only a part of what they have spent in years of work is returned to them. What they expect is a place to focus its selective prosecution of the 524,000 administration's selective approach to prosecution.

Iowa is not on the fringes of political dissent, and many people regard the arts as important to dampen any further noncompliance.

Urban hardly a luxury. The arts in Iowa Arts Council has noted, that's not much money for an agency to regard the arts as "culture." To grow, they need to be seen as a necessity as a whole. According to the recent Homecoming parade was well attended. The women's movement is also credited with helping to increase the enrollment of women, or 14 percent of the entire student population.

Today's Girl Scouts are learning to 'make new skills, but keep the old'

By Karen S. Butt

It's current and girl-oriented, an organization where girls turn to plan and make choices, gain meaningful involvement and gaining self-confidence. Girl Scouts are the world's first youth service organization. They have been around for over a century, and although these girls may be younger, they share many of the same values.

They have to fail

The Gallatin School in Iowa City has announced its decision to allow its students to fail a class. The school is known for its innovative approach to education and its focus on student well-being.

"They're just students, they have to fail," said the school's principal.

They are choosing the challenge

Many parents and educators have been hesitant about allowing students to fail, fearing it would discourage them. But the school believes that failure is an essential part of the learning process.

The school is also offering support to students who may struggle with their studies.

"We want to make sure that students feel supported and valued," said the principal.

It's a tough decision

Some parents have been concerned about the school's decision, but others have praised it for its commitment to student well-being.

"I think it's a great decision," said one parent.

"It's hard to balance," said another.

They are learning to choose

The school is also offering workshops and programs to help students learn how to deal with failure.

"We want to make sure that students are prepared for the real world," said the principal.

They are choosing the challenge

Inaugural concert displays revitalized symphony

By Jim Harn</p>

Music

With the passage of new symphonies and orchestras, Iowa City has become the home of the Iowa City Symphony Orchestra. The orchestra was founded in 1958 and has been performing annually since then. It is a professional orchestra and is known for its high level of musical excellence. The orchestra has performed in various venues throughout the state, including the Old Capitol in Iowa City.

One of the highlights of the orchestra's season is the annual holiday concert. The concert features a variety of music, including holiday favorites and classical works. The orchestra also performs at various community events, such as the annual Christmas tree lighting ceremony.

The orchestra is under the direction of Dr. John Voland, who has been leading the orchestra for over ten years. Under his guidance, the orchestra has continued to grow and develop, attracting new audiences and gaining recognition for its musical excellence.

The orchestra's repertoire includes a wide range of music, from classical compositions to contemporary works. The orchestra has performed with guest artists and has collaborated with other musical groups, such as the Iowa City Choral Society and the University of Iowa Opera Theater.

The orchestra's commitment to community service is evident in its outreach programs, which include music education programs for students and adults. The orchestra also performs at various community events, such as the annual Christmas tree lighting ceremony.

One of the orchestra's most recent initiatives is the creation of a community orchestra, which provides an opportunity for local musicians to perform alongside professional musicians. The orchestra has also collaborated with local schools and universities, providing students with the opportunity to perform with a professional orchestra.

The orchestra's commitment to excellence is evident in its musical performances, which are highly regarded by audiences and critics alike. The orchestra has received numerous awards and accolades for its musical excellence and its contributions to the community.

The orchestra is committed to continuing its tradition of excellence and to providing high-quality musical performances to the community. Under the leadership of Dr. John Voland, the orchestra is poised to continue its growth and development, attracting new audiences and gaining recognition for its musical excellence.

UI rugby team beats up on Quad Cities contingent, 41-4

By Al McQuaid

The 15th rugby team, led by Diane Nelson, easily defeated the Quad City 15 rugby team, 41-4, in Iowa City on Saturday.

Monday Iowan said: 

"It was a hard-fought interesting game and a solid win for the team. We were able to score points consistently throughout the game."

The Iowa City rugby team then lost to No. 1 seed Ohio State with a score of 41-4. With luck and experience, they will be better prepared for future competitions.

The Iowa City rugby team also defeated Chicago, 31-6, and it displayed some solid rugby skills.

The Iowa City rugby team, led by Hyram Melendez, contributed a try each were Will Schorgel and Joe Donnelly. Donnelly scored one try and a penalty kick.

Scoring tries for the UI VB rugby team were Dave Smith, Jill Felix, Felix and Betsy Anderson. Felix scored a goal on the head for the last minute of the game against the Wisconsin team.

Jenny Berg, Klimek, Walenta and Betsy Anderson scored tries for the UI VB rugby team.

Three post points were contributed by Bob Schram, Joe Donnelly and Bob Schram.

The Iowa City rugby team did not lose to No. 1 seed Chicago, 31-6.

"Against Chicago, we weren't really outplayed but we were hurt by a few mental mistakes," player-coach Dave Smith said.

Don't watch THE KING OF BEER ads. They have an empty bottle saying, "I want your last bottle of beer!"

And as Lucky Klimek led the scoring with three tries, she declared that the game was a hard-fought interesting game and a solid win for the team.

For more updates, check the UI VB rugby team's official website.
Hawk notes

The Hawkeyes' defense was good yesterday, according to television analyst John Steinbrunn. But the Hawkeyes' offense was lackluster, according to Steinbrunn. "They're not ready to play," said Steinbrunn. "They're not ready to play." Among those who believe in Steinbrunn's analysis are Hawkeye fans, who are looking for better results from their team in the future.

In NFL talks scheduled

NEW YORK (AP) — The scheduled meeting of the operating committees of the National Football League's Management Council was canceled on Tuesday after a quorum of teams failed to appear.

On the line

The Iowa Hawkeyes' upper-class drink is a hot popular. The line was long at the Iowa Hawkeyes' bar yesterday. A customer, who declined to be identified, said, "I love this place. It's the best place in town." The customer said he had been to the bar several times and had always enjoyed himself. He said he would be back soon.

Otherwise, the crowd seemed to be calm for pregame introductions. But then another large group of hungry autograph seekers swarmed the court for their signatures. Chicago's playing time, as well as a late jump shot by a large crowd, were noted by the fans. Cowen, for a Chicago's 3,000 point drive, was playing without a knee brace, was behind victory. Down 91-82 with 9 minutes left from winning the conference. The last three minutes of the game, joined in as good of shape as possible. Johnson lead theIllini to a 51 percent from the field and 66 percent shooting only 44 percent, while the team, their percent of two football players at the University. But they abruptly changed their plans and returned home to California. They did not specify the nature of the preliminary inquiry of the recruitment of two football players Elton Veals and Delton Edwards. NCAA investigation of Illinois continues.

CHAMPAGNE, Ill. (UPI) -- The NCAA has not completed its investigation of the recruitment of football players at the University of Illinois, and wants to continue talking with members of the Illini. For the game, Milwaukee shot 51 percent from the field and 66 percent shooting only 44 percent, while the team, their percent of two football players at the University. But they abruptly changed their plans and returned home to California. They did not specify the nature of the preliminary inquiry of the recruitment of two football players Elton Veals and Delton Edwards.
