American serviceman confesses to Japan rape

Two other U.S. marines admit to assisting in abuse of 12-year-old

Steve Timodage

NARA, Japan — The three U.S. servicemen suspected of raping a 12-year-old girl at a stationary store where she had gone to buy a shoe confessed to the attacks, Japanese authorities said yesterday.

Two other marines, also suspected of the attacks, had already been arrested. The third, a 12-year-old, was still at large.

The three suspects, two U.S. marines and the 12-year-old, were arrested at the scene of the attack yesterday morning.

They were identified as:...
Sniffing sperm noses its way to egg

A study published in the journal *Nature* has revealed that sperm move in a specific way to find the egg. The researchers found that sperm move in a zigzag pattern, which helps them to navigate through the female reproductive tract. This discovery could have implications for fertility treatments and the development of new contraceptives.

Declining ticket sales jeopardize on-campus concerts

Daily Iowan - Iowa City, Iowa - Friday, November 8, 1991

The state's first营业收入 city, Iowa City, normally promotes itself as the "Criss-Cross of Literature and Agriculture." A tiny campus in the heart of the city, UI's Old Capitol Mall, is currently the site of a financial crisis.

The Old Capitol Mall, one of the state's most popular tourist attractions, has been losing money since 1987. According to UI President William J. Grant, the mall has been "losing money consistently over the years." The mall's financial difficulties have caused the state to consider taking over ownership of the property.

The mall's management is currently working on a plan to revitalize the property. The plan includes the addition of new shops and restaurants, as well as the construction of a new theater. However, the plan is still in the early stages and it remains to be seen whether it will be successful.

Despite the financial problems, the mall remains a popular destination for visitors and locals alike. The mall is home to a variety of shops and restaurants, as well as a theater that hosts a wide range of events.

The mall's management is optimistic about the future of the property. "We are committed to making the Old Capitol Mall a thriving community center," said UI President Grant. "We believe that with the right management and planning, the mall can be a valuable asset to the community."

UISG implements random audit rule for UI groups
Chad Graham
The Daily Iowa

Student government instituted a new rule Thursday giving it power to randomly audit the budget at any time of any student group within the UI student group funds. The rule, which was the result of an oversight for a summer retreat review was instituted for efficiency. The student group who will be selected for audit will be selected at random.

The rule should help with transparency, said Sharon Zepeda, former UISG president. "It is just another step in making sure groups are using money appropriately. The smaller groups, the new groups, they will have the training," she said. "We just want to make sure groups are being held accountable."  

With the new audit, student groups will have to submit their budgets in a new form and keep up with the budgets. The new rule will help the UISG dominate the audit process and will make it easier for the UISG to maintain good standing with the student government. The UISG will be able to monitor the budget more efficiently and quickly and will be able to keep their budget under control and efficient. They will also be able to keep the money in the budget fund and the money that will be better used.

Memorial service planned for former TKE president
A memorial service for former Tau Kappa Epsilon president Matthew Swanson will be held tonight at 7 p.m. in Old Brick Hall. The service will be held in memory of Swanson, who was killed in a car crash Oct. 29 in his room at the TKE fraternity house from a self-inflicted gunshot wound.

The memorial service will be held in Swanson's honor and will include a moment of silence followed by a prayer. The service will be attended by friends, family and members of the TKE fraternity. The service will be followed by a reception in Old Brick Hall.

Swanson was a senior majoring in business administration and was a member of the TKE fraternity. He was known for his leadership skills and was a mentor to many of the TKE fraternity members.

Approval of AIDS drug imminent

Lauran Neecegaard

The FDA has approved saquinavir in position to become the nation's first protease inhibitor, a new class of drugs that stalls the production of the virus. The FDA is not obligated by advisory committee decisions but generally follows them. But the panel voted unanimously that saquinavir should not be used even for patients who are not helped by other AIDS drugs. The FDA recently approved the drug with alcohol and with food. The bill is not extreme. It only bans a single abortion method - a method rarely used and only used after the 20th week. It is a direct constitutional challenge to Roe vs. Wade. It clearly does not stand in defiance of the Roe decision. Instead, it complies with the guidelines the decision established some 22 years ago.

House Roe, this is the first legislation which bans an abortion method to pass in the House. The bill, which imposes criminal penalties on doctors who perform the method, will likely face strong opposition in the Senate, where many Democrats have vowed to kill it. President Clinton is believed to be wary of signing the bill, which might be quite similar. Many Republicans believe this bill will not pass because of the non-vote.

Other states which have considered bills to ban late-term abortion have received a mixed reaction. Washington, for example, has one of the greatest abortion rates in the country, while they are relatively low in states like Mississippi and Utah. Some may argue that these states have a high rate of women who are on welfare, while others may say the bill is needed to keep the abortion rate down. Either way, the question is whether such legislation helps or hurts a woman's right to choose.

**Elections dash GOP hopes**

John King

Associated Press

After lackluster election returns, even some Republicans are starting to worry that the two-year era of the Republican Party may be coming to an end.

The results, though not quite the rout some Republicans feared, left the GOP with a sense that it had failed to capture the country's attention.

"The vote was a reminder that the Republican Party's message has not resonated with a significant number of voters," said one GOP strategist. "We need to take this as a wake-up call and refocus our efforts on messaging and outreach."**

Elections in other states, particularly in Kentucky, where Gov. Kirk Fordice easily won a third term, were also seen as significant.

"The results would be meaningless," said Paul Patton, who defeated incumbent Republicah Sen. Ron Klain, "without a Democratic presidential nominee."**

**Legislative races**

Democrats say they appear to be gaining enough seats to control the House, but are still short of a majority in the Senate.

Democrats also hope to capture the White House in 2016, with Hillary Clinton leading in most polls.

Woolridge, Kingsbury solidify backcourt

Mike Sobczak

The Daily Iowan

The only magazines that don’t have sports stories are those that don’t like sports. Chris Kingbury on the pre-season All-Big Ten Backcourt team have Iowa point guard Andre Woolridge there in place.

It seems apparent that this backcourt could be the Big Ten’s best.

"Start the Big Ten!" Woolridge said.

He said he was looking ahead, and there is some truth behind the question. There may not be a better team in the nation.

Woolridge scored 14 points in his first game with the Hawkeyes last Saturday. He proved he could score at 30 points against Penn State, but mostly he scored his second highest point game, finishing second in the Big Ten with 28 points.

Kingbury was Iowa’s leading scorer last season. He is a 6-7, 240-pounder with a 7-foot wingspan. Averaging 17 points and 7.3 rebounds per game, many of which came in Iowa’s season opener against Penn State.

It’s clear that Woolridge and Kingbury will be up to 45 years in prison.

The hills are alive with the sound of music.

As Kingbury hit his first basket of the game in the first round game against Penn State, he hit a three-point shot from behind the arc -- often well beyond the arc.

But Kingbury pointed out that 75 points between them

**Bulls move to 3-0 over expansion series**

Associated Press

Michael Jordan sparked the Chicago Bulls again Tuesday night. This time it was against a team it never had faced before.

Bulls head coach Phil Jackson was so impressed with the rookie guard's shooting, the shots that the point surrounded with talent this season, are gonna be one of the best weapons, I'm just gonna mark BACK COURT late 15-0 run and the Bulls went 3-0 over expansion in the 180-113 victory.

Jordan, finding with 30 points. At that point, it was a nan of a piece of a game. And with that victory, the Bulls took over as No. 1 in the NBA All Star voting.

The win was the latest in a string of impressive performances by the Bulls, who have dominated the league this season. Jordan's 30-point performance was a sign of things to come, as he continued to develop a consistent scoring streak.

A key factor in the Bulls' success has been the strong performance of forward Scottie Pippen, who contributed 20 points and 10 rebounds for the Chicago.

But the victory wasn't easy. The Bulls had to weather a late comeback by the Vancouver Grizzlies, who were down by 20 points at one point. The Grizzlies made a late run, but the Bulls held on to win.

Jordan's performance was a testament to his skill and talent. He has proven himself to be a key player for the Bulls, and his scoring is a crucial part of their success.

The win puts the Bulls in a strong position to make a deep playoff run. They are currently ranked No. 1 in the NBA and are poised to make a strong push for the championship.

with a 100-yard field-in-one on the last kick,'" said Tom Dempsey.

The very next day, Nov. 10, 1970, New Orleans was facing Denver 17-16. Phil Pitner punted 17 yards to Tom Dempsey, and he got down to the Denver 39 and kicked the field goal with 9.5 seconds remaining. Dempsey had become the first 6-foot, 3-inch kicker in NFL history to kick a field goal as time expired.

The New York daily News termed the feat "one of the greatest and most spectacular comebacks in professional football history." Dempsey became the first placekicker in NFL history to win a game with a field goal in the final seconds.

The day after Dempsey's kick, a "Tom Dempsey Day" celebration was held in New York City, featuring a parade and a ceremony at City Hall. Dempsey was named "Man of the Year" by the New York Daily News and "Man of the Month" by the United Press International.

On the anniversary of Dempsey's field goal, a plaque of his shoes was placed outside the NFL's headquarters in New York City. The plaque reads: "Here, on November 8, 1970, Tom Dempsey kicked a field goal to win a football game in the final seconds of regulation play." The plaque is accompanied by a inscription that reads: "This is the place where Tom Dempsey made the famous field goal that became an American legend."

The story of Tom Dempsey's kick has been told countless times in the years since, and it remains one of the most iconic moments in sports history. Dempsey went on to have a successful career in the NFL, kicking for the New Orleans Saints and the New York Giants, and was inducted into the Pro Football Hall of Fame in 2012.
**MANAGER OF THE YEAR**

**Baylor tops NL voting, easily defeats Johnson**

Ronald Blum  
Associated Press

— NEW YORK — Darrell Baker, who led the Colorado Rockies to the National League West title in 1995, was voted National League Manager of the Year.

Baker received 18 of 31 first-place votes, 182 points in voting by the Baseball Writers Association of America, easily defeating Cincinnati manager Davey Johnson.

Johnson, who was hired to replace the fired Lou Pinella as manager of the New York Mets last year, got 12 first-place votes, 87 points. New York manager Bobby Valentine got 62 votes, with 26 first-place, while New York Mets manager Ron Gardenhire got 1 first-place vote.

Johnson was in his second season as manager of the Mets, who finished 79-83, 22 games behind the NL East champion Atlanta Braves. Johnson also led the Mets to the NL wild card in 1994.

Baker took over last October for Tony La Russa, who managed the Rockies to the NL West title last season. The Rockies finished 54-58 in Baker's first season, 24 games behind the NL West champion Houston Astros.

Baker was hired to replace North Carolina Gov. Jim Hunt. The Rockies finished 54-58 in Baker's first season, 24 games behind the NL West champion Houston Astros.

Baker's selection was announced earlier Tuesday, the same day the Rockies' regular season ended with a 6-0 victory over the San Diego Padres in San Diego.

**SEASON REVIEW**

**Chicago White Sox**

The White Sox finished 70-91, 29 games behind the AL West champion Texas Rangers. Chicago was 30-28 before Baker took over.

Baker began his major league career as a player in 1963 and played in parts of nine seasons with the Detroit Tigers, Minnesota Twins, Baltimore Orioles and Texas Rangers. He was also a member of the 1980 World Series champion Phillies.

As a manager, Baker compiled a 12-1 record in 1980 World Series games, including the World Series opener against the Kansas City Royals.

Baker was also named NL Manager of the Year in 1980, when he led the Chicago Cubs to their first division title since 1972.

**Angels win AL East title**

The Los Angeles Angels won the AL West title last season, finishing 96-66, 12 games ahead of the runner-up Texas Rangers. The Angels are 70-91 this season.

Baker was the only manager named on every ballot.

Johnson, who was hired to replace the fired Lou Pinella as manager of the New York Mets last year, got 12 first-place votes, 87 points. New York manager Ron Gardenhire got 1 first-place vote.

Bowie revamps Ziggy Stardust, Outside creates Nathan Adler

Jonathan Hanson

The Daily Iowan

Bowie has long established himself as a major influence on the rock world, and his latest album, Outside, is no exception. The album is a departure from his previous work, focusing on themes of isolation and the search for identity. Despite the departure, Bowie's distinctive voice and musical style remain intact, making Outside a standout album in his career.

The album opens with the title track, a powerful statement of intent. The song features a pulsating beat and Bowie's trademark falsetto, creating a sense of unease and uneasiness. The lyrics discuss the search for identity and the struggle to find one's place in the world. The song sets the tone for the rest of the album, which explores similar themes of identity and isolation.

Other standout tracks include "I'm Not the Only One," a collaboration with St. Vincent, and "Blackstar," a darker, more experimental number. The album closes with the contemplative "The Next Day," a reflection on the artist's place in the world and his legacy.

Overall, Outside is a thought-provoking and stunning album that showcases Bowie's enduring talent and willingness to push boundaries. It is a must-listen for fans of Bowie and anyone interested in contemporary rock music.
