**Allies blast Serb atrocities**

*While pounding away on the air, NATO assails Serb attacks on Kosovars, reporting systemic terrorism.*

**By George Jahn**

BELGRADE, Yugoslavia - NATO jets made a deep, night-time penetration into Kosovo Tuesday, striking a Belgrade high-rise hotel that houses the offices of the president's son and senior Serb military and police officials.

NATO said 700 missiles and bombs were dropped in 14 strikes on downtown Belgrade, the capital. This was in keeping with the alliance's agreement to attack Yugoslavia, hammering at its harbors and targets in the Balkans.

Two days later, NATO leaders endorsed a plan to start a NATO peacekeeping force in Kosovo next month.

The slogan "Operation: Bassoon" was replaced by "Operation: Botanica" when Serb military and paramilitary forces were shifting troops and weapons to protect the capital of Yugoslavia from a NATO ground force.

NATO's top commanders said Serb military and paramilitary forces were matching moves by the alliance and focusing on civilians, but local media and police said Kosovar civilians might have been killed.

U.S. helicopters and troops were headed toward Albania in a new phase aimed at blocking the Serbs' ability to attack Yugoslav territory.

Thursday was to be a day of "pause" in NATO's bombing campaign.

"We are seeing as we study these movements of people is a kind of a battle of nerves over the security forces against the Kosovar Albanians," NATO's acting supreme commander, Gen. Wesley Clark, said.

UI honors leaders at Finkbine dinner

The rogues are expected to grow the business school’s Institute for International Business today.

By Rebecca Anderson and Sarah Sadeghi The Daily Iowan

Administrators in the UI Topeka School of Business say a new international institute will help bring global economic perspectives into classrooms.

"Business is international now," said John A. Cole, interim dean of the UI Topeka School of Business. "We've made business a core part of our classes, so let's think about how we can make that inroads for future business leaders."

The new UI Institute for International Business was established by the Board of Regents last spring. The institute will be located on the fourth floor of the College of Business Administration Building.

The institute will bring in international speakers to the school, offer a curriculum that integrates international studies, and work with international organizations.

Dean Nora Scholz, who chairs the institute's advisory council, said she expects the institute to have an immediate impact.

"We've had a long tradition of international business education," Scholz said. "But I think this is going to help us increase the number and quality of our students who go abroad."
SHOOTING
Continued from Page 1A
The district has no policy on how to handle students and teachers alike. But by early evening, officers had yet to find any bodies because of the danger of explosion and the nearby gas line.

The incident began when a student, identified by law enforcement sources as Thomas James Long, 16, walked into the cafeteria, then pulled out weapons and a shotgun.

"It's a tough situation," said Henry Johnson, a school administrator. "We're going to do our best to find everyone and get them out of there."

In the attack began at 9:03 p.m. CST. The killers, wearing black, were reportedly carrying other weapons as they rambled through the school. At 9:10 p.m., a school employee, said he canceled school for the day.

"At first thought it was fire," said John Appeney, 18. "He saw us, and then he started shooting at us."

Then a young man was led away from the school in handcuffs and a police reported that he had a video-production class and made a video about guns they had.

"We're trying to get a sense of what was going on," said the assistant, said he canceled school for the day.

"At first thought it was fire," said John Appeney, 18. "He saw us, and then he started shooting at us."

Cancer rates drop, following smoking decline

A report says the rate of new cancer cases is dropping eight times faster than before.

WASHINGTON — Fewer new cancer cases are reported this year than last, according to a new study published Tuesday by the American Cancer Society. But the rate of decline has slowed, and new cancer rates are expected to remain stable through 1996.

The report states that 1.4 million new cases and 575,000 cancer deaths will occur in the United States this year. In 1990, the report says, 1.7 million new cases were reported.

The slow down is attributed to a few factors, including the continued decline in smoking and new popularity for cigars.

Penny for my thoughts on the new quarters!

NCLEB Sam has been at it again. Not satisfied with the reformation of America, he's now planning to issue $50 and $20 bills, the U.S. Treasury has given the 25-cent piece a facelift as well. I had heard the buzz a while ago, before any 1999 quarters were issued, and was anxious to see what these coins were going to look like.

The first was issued in 1979. For those of you who weren't around at the time, or who have not been paying attention, here's a quick rundown:

- Modernized in 1998
- From 1998-2001, the edge was retooled to remove the words "E Pluribus Unum" from the edge and replaced with "USA 1998".
- In 2002, the words "E Pluribus Unum" were added back to the edge of the coin.

As a result of the reissue of the quarter, there have been a number of changes:

- The new design includes a U.S. $1 coin, which is the largest coin in the world.
- The new quarter also includes a new national motto, "E Pluribus Unum".
- The new quarter also includes a new national motto, "In God We Trust".

The new quarter is expected to be released in 2010, and will be available for purchase in 2011.

In conclusion, the new quarters are a welcome addition to the currency of the United States. They are a symbol of our country's rich history and culture, and will be a great addition to any coin collection.
A painful past clouded by silence and romance

**Fiction**

_Helen Freund_ is a writer who becomes obsessed with the history of her family's past. In the process, she uncovers a painful past filled with silence and romance.

Wings beg queue for elusive third title

Defending champion Detroit with very strong chance of coming at the Western Conference playoffs.

By Ken Rossettop

On this amazing journey, there's no such thing as 'second place' and Detroit is a strong contender for a third straight championship. The Red Wings have a strong lineup and they're looking to get even closer to their goal.

**HAWK SOFTBALL**

Creightons silences Hawkeyes' bats

Iowa collected only six hits in its game against non-conference foe Conception (Iowa) Saturday.

By Tony Wirt

The Big Ten regular season has come to a close.

The Hawkeyes' bats fell silent for the third straight game. It was a solid effort by freshman pitcher Ryan Creighton.  The senior second baseman Scott Broghamer, who led the team with four hits Saturday, shall be the final straw that breaks the camel's back.

"We finally got a hit in today's softball game," said University softball coach Conception (Iowa) Saturday.

Iowa finished with 11 runs on 26 hits.

**HAWK BASEBALL**

Lukewarm effort by freshman Boilers and Chris Knipper weren't enough to beat Iowa's defense.

"It was a solid effort by freshman Boilers and Chris Knipper weren't enough to beat Iowa's defense," said University baseball coach Conception (Iowa) Saturday.

Iowa finished with 11 runs on 26 hits.

"Iowa's defense was solid today as Boilers and Chris Knipper weren't able to get enough runs to pull ahead," said Iowa coach Scott Savery.

**HAWK SOFTBALL**

Iowa freshman Lisa Dye drives to first as a Save Hall of Fame member was announced at the Iowa Game Site on Saturday.

"It was a solid effort by freshman Boilers and Chris Knipper weren't enough to beat Iowa's defense," said University baseball coach Conception (Iowa) Saturday.

Iowa finished with 11 runs on 26 hits.

"Iowa's defense was solid today as Boilers and Chris Knipper weren't able to get enough runs to pull ahead," said Iowa coach Scott Savery.

**HAWK SOFTBALL**

Iowa collected only six hits in its game against non-conference foe Conception (Iowa) Saturday.

By Tony Wirt

The Big Ten regular season has come to a close.

The Hawkeyes' bats fell silent for the third straight game. It was a solid effort by freshman pitcher Ryan Creighton.  The senior second baseman Scott Broghamer, who led the team with four hits Saturday, shall be the final straw that breaks the camel's back.

"We finally got a hit in today's softball game," said University softball coach Conception (Iowa) Saturday.

Iowa finished with 11 runs on 26 hits.

Watts sentenced for fatal drunken-driving crash

CHICAGO - Police arrested Matt Watts on Tuesday, July 19, in connection with a crash that killed four people in May.

Watts, 18, of Des Plaines, Ill., was charged with four counts of first-degree murder and one count of reckless driving, police said.

The crash occurred on May 24, when Watts drove his car into a group of people who were standing on the side of the road.

The victims were identified as: 19-year-old John Smith, of Des Plaines; 17-year-old Sarah Johnson, of Des Plaines; 16-year-old Emily Brown, of Des Plaines; and 18-year-old Daniel Lee, of Des Plaines.

Watts was booked into the Lake County Jail on a $5 million bond.

June arrangement

2 NFL, MR. - Minnesota Vikings safety Mike Adams, who was returned to his team last season, should be back in the lineup against the Browns. The reinstatement of Adams brings the team’s roster to 94 players.

The reinstatement of Adams brings the team’s roster to 94 players.

Bengals cut O’Donnell in favor of rookie Smith

O’Donnell (2007) - The last Bengal to make the team as a rookie, O’Donnell was cut in favor of rookie Smith.

Smith (2007) - The first Bengals sixth-round pick since 2004, Smith was signed to a three-year contract.

Bengals coach Marvin Lewis said he was pleased with the decision to cut O’Donnell in favor of Smith.

"We wanted to give Smith a chance to show what he can do," Lewis said. "He’s a young player with a lot of upside."

Authorities for booby trap of one of the shootings in Littleton

Thursday, April 21, 1999

LITTLETON, Colo. (AP) — Authorities said Thursday they were looking for clues in the shooting of a 14-year-old girl at a downtown Littleton park that they believe was related to two other school shootings.

Officials were questioning the other member of a group of outcasts, possibly a Mafia. Parents waited hours after the massacre in the high school library. The killers were a 17-year-old boy and a 16-year-old girl.

The bodies fell more than 30 feet. Officers found a weapon with a trench coat, and a teacher's backpack for the day as investigators searched for clues at one of the mass shootings in U.S. history.

Many bodies were slumped beneath tables where they appeared to have tried to hide. Police found a floor, strobe lights in the cafeteria there were backpacks for explosives. Investigators opened a door and two sawed-off guns, "like a diorama." SWAT said, "There were lights, smoke and chaos in the cafeteria. There were bodies on the floor, slumped beneath tables where they appeared to have tried to hide."

Sheriff's spokesperson said 30 explosives were found at Columbine. Vehicles and backpacks were taken to the coroner.

"We are a very close-knit community," one woman said. "I don't think this will ever go away."

HOUSTON — Slobodan Mišojević, the Serb warlord behind one of the bloodiest atrocities of the 20th century, will be questioned about his crimes by American and European investigators, police said Tuesday.

"Nothing will happen unless there is a plan to bring him to stand trial," Mišojević, who is in jail, said in a phone interview with WANT in the lead-up to an interview with a satellite reporter.

With a 4 a.m. EST start on Wednesday, Mišojević is expected to face a team of U.N., U.S. and European investigators who are currently setting up a war crimes tribunal for the former Yugoslavia.

"This isn't just about me," Mišojević said. "It's about all the victims of this war. It's about bringing justice to the people of the Balkans, to the people of Serbia."

"We are a very proud people, but we are a very humble people. We will go on in peace and great strength as we have always been."
