The Rec Center has seen an increase of roughly 9,000 visitors over last May's numbers. The Rec Center has been a great place to work out and stay hydrated throughout the summer. Kim Janeiro, the facility coordinator at the Rec Center, said the facility sees between 2,000 to 3,000 people each day during the summer. Members like to come and work out when it's hot outside," she said. "We especially see a lot of families and even camps that come to use the indoor facilities." The Rec Center has seen increased attendance over the past year — officials reported 70,000 visits in May 2011, and the number of visits this May increased to roughly 79,000. Despite many UI students leaving for summer, officials say attendance numbers remain high as students come back in the fall. The Rec Center had more than 62,000 visitors in June 2011 and more than 52,000 in June 2012.

Group files ethics complaint against regent

The Iowa Citizens for Community Improvement filed an ethics complaint against Regent Bruce Rastetter on Tuesday for allegedly abusing his role as a regent.

Bruce Rastetter, the Iowa City City Council approved construction of a $5 million medical office building in the Towncrest Urban Renewal Area.

Council approves Towncrest project

The Iowa City councilors said they hope to spur expansion in the Towncrest Urban Renewal Area after they approved the first major development in the district. The City Council approved construction of a one-story medical office building "Tuesday on a 6-1 vote." MIRK Development LLC proposed a 54,365-square-foot facility that will offer three spaces for medical, office, or retail use, along with 80 parking spaces. The 150 William St. ACT building and Sinclair Gas Station at 213 Main Ave. will be demolished to make way for the roughly $5 million development.

Kevin Digmann, the MIRK manager, said the project will help advance the area's redevelopment. "This project would be a great start to the city's overall plan for redevelopment of the Towncrest area," he said.

Concussion Champion said the building will help spur investment in the urban-renewal plan. "It is a major development, and it
Dean hopeful stresses pillars

Jack Elias is the third candidate for the position of the dean of the Carver College of Medicine.

By ERIC STEPHENSON

Jack Elias enjoys education, research, and patient care and will provide for a future University of Iowa Carver College of Medicine. "We cannot achieve excellence in one area without achieving excellence in the other," he said.

Elias is the third candidate to emerge out of the four that will replace current Dean Paul Rothfuss. Each candidate has answered or will answer the question, "What is your Vision for the Future of the Medical School?"

"As the Wold Professor of Pediatrics in Immunology at the University of Iowa, my vision is to further advance the growth of immunology and the newest subspecialties in medicine," Elias said.

"I am very excited to be a part of the Carver College of Medicine," Elias said. "I believe that the university has a strong commitment to excellence in education and research, and I am excited to be a part of that."
Almost 50% of Iowans connect to their newspaper's digital presence

Whether it's their website, Facebook page, a text message or even a text alert, modern journalists must make sure that breaking news is available where you want it, when you want it.

Newspapers understand that you need access to your local news, now. That's why many have a digital connection right to their paper.

When you're on the go, at a meeting or out for the day, you can still catch up on news that's meaningful to you. You can find more in-depth coverage, more variety or more local content online.

Access to the information you need, when you need it. All from your local newspaper.

College of Liberal Arts & Sciences, a great story to tell

As the dean of the Col lege of Dentistry at the University of Iowa, I value the way my profession as a dentist and teacher helps us all lead healthier, happier lives. This is true for all the professions at the University of Iowa and throughout the world. No matter what you do, the University of Iowa has contributed something to your life.

I am privileged to serve as dean of the College of Liberal Arts and Sciences, an institution that has been an important part of my life. I have served as a student, faculty member, and administrator at the University of Iowa. I have been an active member of the College of Liberal Arts and Sciences, and I have seen it grow and prosper. It is an honor to serve as its dean.

The college is the largest and most diverse of all the colleges at the University of Iowa. It is home to more than 17,000 students, 3,000 faculty members, and 1,000 staff members. It is also home to more than 200 undergraduate and graduate programs, as well as more than 100 research centers and institutes.

The college is known for its excellence in undergraduate and graduate education. It is also recognized for its research, which is conducted by more than 3,000 faculty members and supported by more than $200 million in external funding each year.

The college is also known for its contributions to the world. It has produced more than 100 Nobel laureates and 60 Pulitzer Prize winners. It is also home to the best medical school in the United States.

The college is also known for its contributions to the world. It has produced more than 100 Nobel laureates and 60 Pulitzer Prize winners. It is also home to the best medical school in the United States.

I am proud of the work that is done at the College of Liberal Arts and Sciences. I am also proud of the students who attend the university. They are the future of our world, and they are the future of the University of Iowa.

I encourage all of you to support the College of Liberal Arts and Sciences. It is an institution that is vital to the health and prosperity of our world.

Wednesday, June 20, 2012

TAURUS April 20-May 20
Keep a close eye on your finances. A creative approach to your investments will help you stretch your money. Getting involved in an event or activity will lead to interaction with someone who has something worthwhile to contribute or teach you.

GEMINI May 21-June 21
You will have to balance your business and personal life carefully. Taking care of your health and your personal relationships will keep you going.

CANCER June 22-July 22
Avoid any approach to your investments that will cut you off from your personal finances. A Kaprill approach to your investments will help you develop a wealth of information to welcome or attract you.

LEO July 23-Aug. 22
You will have several important projects that will be quite easy to handle and complete. Keep your strong focus and enjoy your success.

VIRGO Aug. 23-Sept. 22
If you don’t have a secret or a grand goal, you will have to follow your plan. Consider what you should do and what other things you are being asked. Your decision to follow your plan will lead to secret information.

LIBRA Sept. 23-Oct. 22
If you don’t have a secret or a grand goal, you will have to follow your plan. Consider what you should do and what other things you are being asked. Your decision to follow your plan will lead to secret information.

SCORPIO Oct. 23-Nov. 21
If you don’t have a secret or a grand goal, you will have to follow your plan. Consider what you should do and what other things you are being asked. Your decision to follow your plan will lead to secret information.

SAGITTARIUS Nov. 22-Dec. 21
A sudden employment of your energy is apparent. Extend your hands, talk to people, seek new contacts, try out your creative skills, and you will find the personal relationships that you are looking for. Keep an open mind to a new career opportunity.

CAPRICORN Dec. 22-Jan. 19
You will have to balance your business and personal life carefully. Taking care of your financial concerns will help you stretch your money. Getting involved in an event or activity will lead to interaction with someone who has something worthwhile to contribute or teach you.

AQUARIUS Jan. 20-Feb. 18
Your new or current job will be quite easy to handle and complete. Keep your strong focus and enjoy your success.

PISCES Feb. 19-March 20
Do not fear for your plans to be happy. The world will agree with your choices, but you will find that all you ever want is not always available. Reactions will pick up and relationships will lead to secret information.
Learning the martial art of deep respect

Iowa City Tae kwon do instructor Nick Messersmith is teaching his students more than just martial arts.

By CARLOS SOSA

Iowa basketball forward Zach McCabe got but only from beyond the 3-point line and he wanted to learn tae kwon do classes.

"I try to be based on respect," instructor Nick Messersmith said. "In tae kwon do, they believe if you follow those rules inside and outside of the classroom, you can live the life you want.

Messersmith asks the kids to make their beds and about respect and their parents' birthdays. Messersmith asks the kids to make some homemade cards for their parents.

"We hadn't played a pickup game for a while now, and I think all of our guys were excited to actually play against other people," McCabe said. "It makes a lot of sense for the two to go to camps together," Peyton Timmons said he hopes to "Find a partner," the twoimered immediately ran toward each other.

Peyton and Diego wrestle at 56 and 55 pounds, respectively. "You know you have to be precise and be a fundamental wrestler," Timmons said. "All of Diego and Peyton's matches are hard-fought and really tough," Timmons said.

"I think that's what makes them great wrestlers," Timmons said. "They might be the smallest kids at the camp, but they work just as hard as some of the other kids at the camp without a chaperone. They're homesick sometimes but they're still friends afterwards.

"Diego doesn't get mad when Peyton beats him, but he said it's because he lost, not because he lost to Peyton. "You can be friends with anyone," he said with a shrug.

"Wrestling makes your friends your enemies and your enemies your friends," Timmons said.

"It makes it more fun for the kids to practice with. That's when he made a pact with Diego's father, Bryan Morris.

The story of the first half was McCabe and Hawkeye guard Andre Murphy — the two combined to score 33 points and make Larsson’s team a 58-45 advantage at the interval.

"If we had a healthy reserve group of boys in the tournament and escape group. The two were on to much different a level than the rest of the kids that were almost lost in the crowd.

They practiced with the rustlers twice a week, but they work just as hard as some of the other kids at the camp without a chaperone.

"You can be friends with anyone," he said with a shrug.

"Wrestling makes your friends your enemies and your enemies your friends," Timmons said.

"I hope they continue to team up,

"Diego and Peyton are 4-4 against each other. They're both competitive and driven to win.

"All of Diego and Peyton's matches are hard-fought and really tough," Timmons said. "It makes it more fun for the kids to practice with. That's when he made a pact with Diego's father, Bryan Morris.

"You know you have to be precise and be a fundamental wrestler," Timmons said. "All of Diego and Peyton's matches are hard-fought and really tough," Timmons said.

"I think that's what makes them great wrestlers," Timmons said. "They might be the smallest kids at the camp, but they work just as hard as some of the other kids at the camp without a chaperone. They're homesick sometimes but they're still friends afterwards.
