Soul Fest lights up IC

By JASMINE PUTNEY
jasmine-putney@uiowa.edu
Thump, thump, thump. The beat of a mellifluous melody dances its way around the Old Capitol area. The smell of freshly cooked food of several varieties sifts through the air, drawing in wanderers from around downtown. The ambiance throughout is sweet and smooth, invoking an infectious feeling of soulful blues to all in attendance.

This was the scene around the Pentacrest on Sept. 19 and 20 during the second Iowa Soul Festival. A celebration of African and African-American music, dance, art, and food, the festival was a collaboration between Iowa City's Summer of the Arts and Cedar Rapids' Diversity Focus.

Summer of the Arts Executive Director Lisa Barnes said the sophomore festival topped its first incarnation. “We were very happy with the attendance,” she said. “Based on last year versus this year, this year was definitely higher … Everything was so much fun.”

5K race aids kid’s hospital

By AARON WALKER
aaron-walker-1@uiowa.edu
The first-ever race to finish on Kinnick Field took place this past weekend. Kickoff to Kinnick 5K had 2,127 participants signed up for the event to help raise money for the University of Iowa Children’s Hospital and the Tim Dwight Foundation.

However, only 1,897 people officially finished the race with an average time of 35:24. Runners began at the intersection of Hawkins and Elliott Drives at 9 a.m. Sept. 20. Soon after, they became the first local runners to finish a race on the field at Kinnick Stadium.

Mitch Beckert, a UI second-year medical student and former undergraduate tennis player, organized the race. The board of directors for the event also consisted of UI medical students. “We are hoping and expecting to have raised over $60,000 in our first year,” Beckert said. “We’re pretty excited about it.”

The organizers also hosted a tailgate in Kinnick’s parking lot with live music, free food, and vendor tents. The racers, their families, and friends congregated in the parking lot to eat and watch the Iowa/Pitt football game.

“We had a free post-race tailgate [of] hot dogs and bananas,” Beckert said.

A number of other companies sponsored the event, such as the Brand Garden, Java House, the Bread Garden, Java House, and Java House.

Rally pushes climate action

Iowa City activists marched to various government and university offices Sunday to demand action on climate change from local leaders.

By CORY PORTER
cory-porter@uiowa.edu
More than 125 climate-change activists marched on the streets of Iowa City Sunday, demanding that local leaders take action to fight the perceived effects of climate change.

The march was in support of the much larger People’s Climate March in New York City, which also took place on Sunday and had tens of thousands of people in attendance, according to the Associated Press.

The People’s Climate March happened a few days before the U.N. Climate Summit, which will be held on Tuesday.

In Iowa City, various activist groups, including the Iowa City Climate Advocacy, 100 Granny, and the Iowa chapter of Physicians for...SEE CLIMATE, 5
20 women face controlled-substance charges

In Brooklyn, N.Y., 20 women have been accepted as part of the large industry of drug activity, according to an official.

The women were arrested on charges of distributing controlled substances, including marijuana, cocaine, and heroin.

According to the official, the women were involved in a large-scale drug operation that involved the sale and distribution of drugs.

The women were arrested as part of a joint investigation by the New York State Police and the Brooklyn District Attorney's Office.

The women are facing charges including sale of a controlled substance, possession of a controlled substance, and criminal sale of a controlled substance.

In addition to the drug charges, some of the women also face charges of tampering with evidence, possession of a controlled substance, and criminal possession of a controlled substance.

The women are being held in the Brooklyn House of Correction on $50,000 bail each.

Iowa City celebrated the completion of a wastewater treatment plant, whose long journey to completion endured droughts and floods.

The revamped South wastewater-treatment plant, whose facility began in 1975, and Mayor Matt Hayek said it was the culmination of seven major projects. Costing $31 million, it is the largest pub-

lic works project Iowa City has ever undertaken. Funding originated at the federal, state, and lo-

cal levels.

The U.S. Department of Commerce Economic De-

velopment Administration provided $8.1 million, or 22% of the con-

struction of the new plant. Ten state sources, L-O-R-I-S, and a grant from the Iowa Economic De-

velopment Au-

thority, paid $12.3 million. A local-option sales tax, voted in by the city, and city wastewater revenues are also responsible for the remain-

ing $8 million.

The most visible de-

struction of the former North wastewater-

plant, 1000 S. Clín-

ton St., is now the only facility in the five miles surround-

ning the plant and an un-

known degree of environ-

mental damage.

"It's a more efficient facility than we had be-

fore, and I'm glad it's up and running," Iowa City Coun-

cilman Riley Boydsey said.

Hayek said in place of the old North facility, the city is planning to design a city park, which will be one of the "backyards" for the fifth Riverfront District.

The park will help en-

sure the flood capacity of the area. Additionally, according to the proposal of the project, removal of the plant ensures there is no risk of commercial and residential exposure to wastewater in the flood-
ned area. Elias said.

Ultra-violet rays, like those from the sun, have replaced chlorine gas and sulfur dioxide as the fil-

tering media, Elias said.

By REN HARKS

University and com-

munities throughout the Midwest are work-

ing toward harnessing the creativ-

ity in university towns, and the network hosted by the University of Ia-

wa discussed methods to do so.

The UI invited com-

munity and business leaders from Iowa City as well as East Lansing, Michigan, and Lincoln, Nebraska — two other Midwest college towns — to attend the Mid-

west Creative Colleges Town Conference on Aug. 20.

The conference was hosted by the UI School of Urban and Regional Planning.

"It's too early to tell whether this was its 50th anniversary," said Charles Botchway II, City Councilor.

"We wanted to do something to celebrate our anniversary that just wasn't about bring-

ing alumni back and running," Iowa City Coun-

cilman Riley Boydsey said.

Who won gubernatorial debate?

The candidates for governor of Iowa faced off on Sept. 20 in Burlington, and the tone of the debate quickly turned confrontational. Who made their case better?

Matthew Bayne

The Daily Iowan

Br candidates stood off in their debate and, for the most part, stayed on topic. The debate wascordent on the economic development that the jobs provided the city at large — especially education and business, as these can be noisy and disruptive. The Library Commons is not a safe environment for studying. As such, the noise level in the Commons is sometimes unbearable for various reasons. In the next debate, candidates should take into consideration the consequences of their statements and actions.
Local courthouse-annex plans take shape

BY RACHEL GREEN

Social Responsibility, or-ganized and participated in a local collection drive for Masonne McCauley, a co-ordinator for Social Responsibility in Johnson County, said at a recent meeting in New York City, “In so doing, we’re trying to make people understand what Social Responsibility is all about.” Among the items collected were books, games, and clothing.

Social Responsibility, which is a national organization, is focused on promoting social justice and environmental sustainability. The organization was founded in 1990 and has more than 1,000 chapters across the United States. The group is known for its work in community service, education, and advocacy.

The group’s goal is to raise awareness about social justice issues and to encourage people to take action. They promote various causes, such as hunger relief, environmental protection, and human rights. Social Responsibility also works to educate people about the importance of community service and volunteerism.

In Johnson County, the group has been active in a number of initiatives, including a food drive and a clothing drive. The group also sponsors a monthly meeting to discuss social justice issues and to plan future activities.

If you are interested in learning more about Social Responsibility or getting involved in their activities, you can visit their website at www.socialog.org or contact them at 1-800-321-4957.

IOWA GAME BALL
MARK WEISMAN
PITTSBURGH GAME BALL
JAMES CONNER

The senior running back ran the ball 22 times for 88 yards and scored twice. His 4-yards per carry average led Iowa's running backs. Weisman's two scores also made him just the eighth running back in Iowa history with 20 or more career rushing touchdowns.

The lethal Panther running back managed 155 rushing yards on 29 carries and scored once. During the game, Conner managed runs of 21, 22, 11, and 24 yards, and his yards-per-carry average for the game ended up being 5.3.

THUMBS UP LOOK AHEAD

THUMBS DOWN

Kicking Game:
Marshall Koehn drilled a 52-yard field goal in the third quarter that looked as though it might've been good from 60. Koehn also recorded a touchback on each of his five kickoffs against Pittsburgh, bringing his season total to 16.

Iowa opens its Big Ten schedule next week. The team will travel to West Lafayette and play Purdue at Ross-Ade Stadium. The Boilermakers are 2-2 on the season, 2-1 at home. The Hawkeyes beat Purdue last season, and they have won two of the last three over the Boilermakers.

Big Play Offense:
Iowa’s defense gave up 10 plays that spanned 15 yards or longer — or “exploitive plays.” In addition to Conner’s three huge runs, the Hawkeyes also surrendered passes of 18, 24, 20, 16, and 15 yards.

Today's horoscope by Eugenia Last

**ARIES** (March 21-April 19): You may feel that the stars are aligning and that your future is looking brighter. You may feel more confident and optimistic about your abilities and your chances for success. This is a good time to take risks and pursue your dreams.

**TAURUS** (April 20-May 20): This is a good time to focus on your personal and professional development. You may feel more energetic and motivated to make positive changes in your life. This could be a good time to start a new project or to pursue a new goal.

**GEMINI** (May 21-June 20): You may feel more Sociable and outgoing, and you may be able to make new connections and improve your social circle. This could be a good time to attend social events or to offer to help others.

**CANCER** (June 21-July 22): This is a good time to focus on your emotions and to prioritize your mental and emotional well-being. You may feel more sensitive and vulnerable, but also more able to connect with others on a deep emotional level.

**LEO** (July 23-Aug. 22): You may feel more confident and assertive, and you may be able to stand up for yourself and get what you want. This could be a good time to take control of your life and to make decisions that are in your best interest.

**VIRGO** (Aug. 23-Sept. 22): You may feel more organized and productive, and you may be able to focus on your goals and to make progress towards them. This could be a good time to start a new project or to improve your skills.

**LIBRA** (Sept. 23-Oct. 22): You may feel more sociable and outgoing, and you may be able to make new connections and improve your social circle. This could be a good time to attend social events or to offer to help others.

**SCORPIO** (Oct. 23-Nov. 21): This is a good time to focus on your emotions and to prioritize your mental and emotional well-being. You may feel more sensitive and vulnerable, but also more able to connect with others on a deep emotional level.

**SAGITTARIUS** (Nov. 22-Dec. 21): Follow through with your plans, but don't feel the need to take on someone else's chores or demands. Emotional blackballing is apparent and must be kept in perspective to avoid being taken for granted. Use your head and do what's best for you.

**CAPRICORN** (Dec. 22-Jan. 19): Avoid being impulsive when engaging in travel with friends, relatives, or peers. You are best to focus on personal and financial self-improvements that will lead to a better lifestyle or environment. Protect your assets, possessions, and your reputation.

**AQUARIUS** (Jan. 20-Feb. 18): A financial change is heading your way. You may feel more confident and able, and you may be able to make new connections and improve your social circle. This could be a good time to attend social events or to offer to help others.

**PISCES** (Feb. 19-March 20): Keep life simple, and avoid engaging in stressful or draining situations. Listen carefully to what others say and offer. There will be underlying disagreements or risky emotional, physical, or financial situations.

Lewis leads harriers
Kevin Lewis was the Iowa men's cross-country team's top finisher at the Big Ten Preview.

By MARIE WILLIAMS
marie-williams@uiowa.edu

The Iowa men's cross-country squad had yet another strong showing at the Big Ten Preview with four runners finishing in the top 15. As a team, the Hawkeyes finished second, just behind Nebraska.

“This was the second time the seniors had this team to a strong finish. Lewis finished with a time of 24:44 and was pleased with the early start time and was a little bit more challenging weather today was a little bit more challenging,” Anderson said in a release. “I felt pretty good until 1,000 meters to go, but then I finished out a little bit,” Lewis said in a release. “My goal was to win, which didn’t happen. Hopefully, I can get them next time.”

Sophomore Ben Anderson, Anthony Gregoire, and senior Ben Witt earned places in the top 15. Anderson finished in eighth place with a time of 25:17.31, Gregoire finished 16th at 25:21, and Witt finished in 25th place at 25:17.81. Iowa head coach Layne Anderson had high praise for his runners performed well and was pleased with their efforts. However, he foresaw the challenges that the Cross-Country Course to be a challenge, especially given the early start time and weather.

“We did a good job of preparing for the course and weather,” said Todd. “The course and weather were tricky, but we didn’t hit more challenging than usual.”

Anderson also believes that the team’s preparations prepared his team well for the upcoming championship. In November, which will also be held in Iowa City. "Now that we've raced on the course, we have a little bit more familiarity with it," Anderson said.

Sophomore Ben Anderson thought the Big Ten Preview was enjoyable, along with being in the top 15. Although he said the experience was exciting, he believed he ran better than he expected at 8,000 meters. "I was able to pass a few people in the top 15. I believe he ran better than he expected at 8,000 meters," he said. "I guess runner wasn't how I was thinking about it, so we'll keep progressing. I enjoyed the race, and it's always fun to get out there. It's a tough week, and I ran a little better than I thought I would with a little higher mileage."

The seniors believe they ran well but wanted his outcome to be better. "I felt pretty good until 1,000 meters to go, but then I finished out a little bit," Lewis said in a release. "My goal was to win, which didn’t happen. Hopefully, I can get them next time."

Coach Layne Anderson believed the team performed very well. "It got me used to the standard to run better at the preview has prepared for the Big Ten championships as well."

Hawkeye harriers vow to bounce back
Iowa women’s cross-country team didn’t capitalize on pack running at the Big Ten Preview.

By SHELBY STITES
shelby-stites@uiowa.edu

The Big Ten Preview brought top competitors to Iowa City this past weekend, and women’s cross-country, and that showed in the results. The Hawkeyes’ top finisher was sophomore Kayla Todd, who finished 27th in a time of 22:21. This was her last year. "I just want to make every race my best, and at one point I just felt good," Todd said in a release. "This course and this team mean a lot to me. I told myself, ‘You know what, if my team needs good effort, they’ll be with me, if not, I have to do this for me.’"

Iowa was capitalizing on their home course and the score, finishing second-place finish at Illinois.

"Yesterday was a good prep for the meet, but as the time went on, Hawkeye runners found themselves staggered in the pack, and the race was on for second place," Michigan sophomore Erin Finn had control of the lead the whole race, finishing at 20:36. The runner closest to Finn was junior Jocelyn Zishka, who finished 40 seconds later. "I was on for second place," Michigan sophomore Erin Finn had control of the lead the whole race, finishing at 20:36. Field hockey tops Rutgers

The Iowa field hockey team opened the season on Sunday with a 3-0 win over Rutgers. The Hawkeyes improved to 3-1 on the season.

The defense saved the game for Iowa, according to head coach Lisa Cellan-Jones.

"The Hawkeyes played with intensity, and the defense was very solid all day," Cellan-Jones said. "The team is off to a great start and we’re excited to move forward."
Beathard doesn’t walk on water

The Hawkeye defense overcame an atrocious first half and performed extremely well in the second half in a 24-20 win over Pittsburgh.

FEATURE

The Hawkeye defense overcame an atrocious first half and performed extremely well in the second half in a 24-20 win over Pittsburgh.

Malon said “play” as though it were just one. The sophomore cornerman got it right on two crucial plays — an interception in the fourth quarter to help secure an Iowa victory at Heinz Field.

The Pompei defense were the only two crucial plays — on back-to-back plays — that gave Iowa’s defense stymie Pittsburgh’s offense. It appeared as though Pitt would steal it, but it was the Hawkeyes who stole it back.

Backup quarterback C.J. Beathard played really well against Pittsburgh — and he should start Iowa’s next game against Purdue.

PITTSBURGH — Greg Malon called his mother to help calm his nerves ahead of his first career start at Iowa. Arlette Malon told her son that getting the start against Northern Iowa was a dream come true. She fully expected him to make that play.

I was fortunate enough to make that play,” Mabin said. “And though we ran out of time, I was able to make a huge role in the victory. As a sophomore, played a solid half of football. And for his performance, he should be named for the Black and Gold Kingdom. Iowa coach Kirk Ferentz shouldn’t just hand him the keys to the offense after one solid half of football.

Instead, Ferentz should let Beathard test drive it. Let him take it for a spin. A solid half of football is nice, but most of us — coaches included, I’m sure — are really interested in seeing what Beathard can do as the guy for a full game.

“I came out and played an unbelievable game,” running back Mark Weisman said. “He made some huge plays for us.”

Beathard was not the only Iowa hero. He came off the coaches this one out. Backup quarterback C.J. Beathard played the entire second half of Iowa’s 24-20 victory over Pittsburgh in Heinz Field on Sept. 20. He played well, completing 7-of-8 passes for 59 yards. He engineered three-consecutive scoring drives, and provided a spark to an otherwise solid half of football.

“We were getting good, smart passes, defensive coordinator Phil Parker said. “He played an unbelievable game.”
